MRS. STEPHEN J. OLIVER whose wedding took place at the First General Baptist Church, East Alton. Formerly Miss Rose Marie Tite, the bride is a daughter of Mr. and Mrs. Arthur Tite of Wood River.

### Rose Marie Tite becomes Mrs. Stephen J. Oliver

The wedding of Miss Rose Marie Tite and Stephen, son of Oliver of Granite City was solemnized at 6 p.m. on July 26 at the First General Baptist Church, East Alton, with the Rev. William Finn officiating. A reception was given following the ceremony at the Godfrey Civic Center, Godfrey, Ill.

Parents of the bride are Mr. and Mrs. Arthur E. Tite of Wood River. The groom is a son of Mrs. Nona Jane Oliver and John P. Oliver of Mexico, Mo.

For her wedding, the former Miss Tite chose a full-length gown of white Nottingham lace over taffeta fashioned with a square neckline and short puff sleeves. A satin band marked the empire waistline.

The slightly gathered skirt of lace formed a scalloped tier over the deep ruffle at the hemline.

A lace headpiece secured her bouffant veil and she carried a nosegay of white roses, pink roses and baby's breath.

Matron of honor was Mrs. Janet Davis, a sister of the bride, and bridesmaids were Miss Debbie Tite and Miss Angela Davis, nieces of the bride.

They wore long blue interlock knit dresses designed with a shoulder double capelet collar, V-necklines and high rise waistlines.

Each attendant held a bouquet of blue carnations, white Marguerite daisies and baby's breath.

Mike McGrew attended the groom as best man. Groomsmen were Mike and Marty Tite, a brother and nephew of the bride.

The bride is a 1970 graduate of East Alton-Wood River High School.

A 1971 graduate of Mexico (Mo.) High School the groom also attended Northeast Missouri State University. He is vice-president of the Oliver Motors Service, Inc., Granite City.

The newlyweds now are residing at 2804 National Ave. following a wedding trip to the Lake of the Ozarks.

### Lake parents meet teachers

Cub Pack 109 provided a color guard to present the flag and lead the pledge of allegiance at Lake Parent-Teacher Association's first meeting of the 1975-76 school year held last week.

Edward Gowan, principal, introduced faculty members and the teachers were presented gifts by pupils representing their homerooms.

Pat Withers, PTA president, presented the unit officers and board members. Committee chairmen outlined projects for the coming months and a budget was approved.

Favorite recipes for salads and desserts will be submitted by PTA members and included in a booklet for distribution at the school's Spring Carnival. Withers announced.

A chili supper and Halloween costume judging event will take place Oct. 24.

Gowan explained pilot programs in individualized spelling and reading currently underway at Lake School.

"The Wonderful World of Scouting" was the topic of William Monical, scout executive, Chokila Mount Boy Scout Council, who addressed the parent-teacher group.

Monical stressed that Cub Scouting is not a boys' only organization but is geared to the entire family.

Mrs. Dorothy Dickerson won a prize and members of the PTA executive board served refreshments to conclude the evening.

# Nameeki buys police car to reactivate State Park unit

Bo Beuckman Ford, Collinsville, was the lowest of four bidders to supply a police car, needed to reactivate the State Park Special Police Unit 33A. The Nameeki Township Board of Auditors decided after opening sealed bids Monday night.

The Town Board has agreed to reserve \$9,500 in revenue

sharing funds to help that department reactivate under a plan by Madison County to allow "supervisors of safety," under the control of Sheriff John Maeras.

About a dozen volunteers are studying under Maeras to earn that title and reopen the State Park unit.

The car was expected to be one of the largest purchases. Beuckman's bid was for \$4,855, to supply a "police package" Ford squad car.

The board also opened four bids for radio equipment for the department and awarded a \$327 contract to Redi-Com, Troy, the lowest bidder.

Only one bid was received to supply uniforms for the department and was rejected as not being detailed enough. The board voted to seek new bids by Oct. 10.

Supervisor Louis Whitsell requested the board advertise for bids to blacktop the front parking lot at the town hall, 4250 Highway 162.

Several board members said they felt it would be less expensive to have Highway Commissioner Albert Bell do the work, if Bell would agree.

Bell told the board he would blacktop directly in front of the town hall and would run a strip of blacktopping into the side parking area. This would keep cars and mud from getting into the carpeting in the town hall's new addition.

Whitsell said he had met with the architect and contractor of the town hall addition to attempt to have several problems corrected before the final payment is made.

He said Ed Moore, the contractor, already had repaired a leak in the roof of the old section and has sprayed bricks in the new section with silicone to stop seepage.

He said the three agreed to recommend the board withhold \$900 from Moore until an electrical problem and other minor adjustments are made in the addition.

The board followed the

recommendation and released \$6,458 of the money it had been holding from Moore.

Whitsell noted the board of auditors is willing to do whatever it can in the next budget to share in the cost of the lights, but that Bell should make a final determination in the near future whether his department will bear the cost, so the auditors will know what to do when preparing the new budgets.

The board approved travel, lodging and expense funds for township officials planning to attend the Illinois Township Officials' Association annual convention Oct. 28 to 29 in Springfield, Ill.

Expenses were approved for Whitsell, Town Clerk Douglas Teeter, all four auditors, Assessor Carl Macios, Collector Richard Peck, Bell and Attorney H. Carl Runge Jr. to attend.

## Jenny Huey given probation, fined

Jenny Huey, former owner of Big Ben's Tavern, 1112 State St., Madison, has pleaded guilty in Madison County Circuit Court at Edwardsville to charges of keeping a place of prostitution and soliciting for prostitution.

She was sentenced by Circuit Judge William Beatty to serve

one year probation and to pay a \$1,000 fine.

The court agreed to dismiss a felony charge of pandering against her.

Her liquor license was revoked nearly two months ago as the result of a Circuit Court ruling upholding Madison Mayor Mike Sasyk's order June 24, 1974, ordering the tavern closed. Legal appeals kept the tavern open about 14 months until the court ruling.

On June 24, 1974, she allegedly arranged a meeting between a 19-year-old woman residing in the 1100 block of State Street and an undercover Madison County deputy sheriff for the purpose of prostitution.

Her trial was delayed numerous times before she pleaded guilty to the two lesser charges and the felony count was dismissed.

Katherine Griffin, Madison, was found guilty by a jury in July 1975 of prostitution in connection with the same case.

Local members of the grand jury are Gerald Afteld, 2007 Rhodes St., Madison; Josephine Hogue, 100 Grand Ave., Madison; Kathleen Eldenour, Rural Route Two, Granite City; Elbert Bennett, 1125 Cahoun St., Venice; Dorothy Higgins, 2501 Terminal Ave., Kenneth Magary, 2804 Kilmer Drive, and Michael Sisk, the foreman, 5 Queensbury Court.

Participating in the campout were Dave Copper, Mark Fossum, Mark Gasparovic, Gerald and Ed Heintz, John Judy, Jeff Macko, Jeff Puryear, Rick Rogers, Bob Portell, Mike and Steve Yenchio and their Scoutmaster Marvin C. Wiedemer.

## Edward Dwyer dies at 83

Edward F. Dwyer, 83, of 2 Nightingale Court, Ill. for two years, died at 7:35 p.m. Monday at Belleville Memorial Hospital.

Born in Walnut Ridge, Ark., he resided in East St. Louis and moved to this area two years ago.

Mr. Dwyer was employed as an engineer for 45 years with the Terminal Railroad, East St. Louis, until his retirement in 1962.

A member of St. Elizabeth Catholic Church, he also belonged to the Brotherhood of Locomotive Engineers, St. Louis.

He is survived by his wife, Mrs. Vivian Dwyer, one daughter, Mrs. George (Dolores) Dyckman, and a sister, Mrs. William (Mary) Residenbach, both of Granite City, and two grandchildren.

Funeral services were held Wednesday. Details are given in the obituary column.

Local members of the grand jury are Gerald Afteld, 2007 Rhodes St., Madison; Josephine Hogue, 100 Grand Ave., Madison; Kathleen Eldenour, Rural Route Two, Granite City; Elbert Bennett, 1125 Cahoun St., Venice; Dorothy Higgins, 2501 Terminal Ave., Kenneth Magary, 2804 Kilmer Drive, and Michael Sisk, the foreman, 5 Queensbury Court.

### Bicentennial program will feature music

"Play It Again, Uncle Sam" attempts to capture the spirit of America through song in a special Bicentennial salute beginning on Channel 9 at 8 p.m. on Wednesday, Oct. 1.

Gloria Loring, star of night clubs and variety shows, hosts the musical tour through American history from 1776 to the present.

Stars such as Bob Hope, Tommy Smothers, Sammy Kohn, Henry Mancini and Taj Mahal give their own interpretations of the music of particular eras.

The program moves through American history, stopping at Thomas Jefferson's Presidential campaign, the war of 1812 and life on the early frontier. Inspiring war songs and lonely spirituals reflect different aspects of the Civil War period, while the ragtime music of the 1920s and Tin Pan Alley suggest the devil-may-care spirit of more recent times.

Many of the scenes from "Play It Again, Uncle Sam" were filmed on location at historic sites around South Carolina, including Charleston's Middleton Gardens, the Abbeville Opera House, Charleston Landing and a special Fourth of July concert in Sesquiennial Park near the state capital, Columbia.

## North, Aquinas teams post soccer victories

GCHS North posted its fifth soccer shutout of the season, at home Monday, with a 1-0 win over Assumption High School. GCHS North also played at home Monday and was defeated.

Steele Greg Ely provided the only score, unassisted, powering the ball into the net with a rebound shot 10 minutes into the first quarter.

North had 12 shots on goal as compared to Assumption's none.

Goalkeeper Rick Demaree was credited with seven saves. The opposing goalie saved six shots from scoring.

With the clock rapidly run-

ning out, Warrior Rick Fernandez outmaneuvered the opposing goalkeeper with a 25-yard foul shot to put the GCHS North soccer team on the scoreboard late in the second half Monday. But the visiting St. Thomas Aquinas team of St. Louis won 4-1.

Aquinas, ranked second in the first half of play and three in the second half, all off the foot of Tim Koeller.

South also trailed in final goal tallies, 18-6 in shots on goal and 3-1 on corners.

Warrior Randy Leyerla had seven saves, and the opponents' three.

## Cougars to host Rockhurst

At long last, the entire student body of Southern Illinois University at Edwardsville will get a chance to see its 1975 soccer team. The Cougar Kickers will open their home campaign Saturday afternoon. The Rockhurst College Hawks will come calling for a 1:30 game at Cougar Field.

A handful of SIUE students had an opportunity to see the Cougars in a 1-1 standstill exhibition game with Brazil's Mackenzie University two weeks ago before the start of the fall quarter.

Coach Bob Guelker's SIUE soccer players prepared for their meeting with the Kansas City team this week by checking any possible injuries from a weekend game in northeast Ohio, where they were forced to come from behind three times in capturing a cliff-hanger, 5-4, over the University of Akron Zips.

having defeated William Jewell, Central Methodist, Southwest Missouri State and the University of British Columbia, and it sports three former Granite City high school standouts—Harvey Breckner, GCHS North, and Ron Goldschmidt and Charlie Bennington, both of GCHS South—in its starting lineup.

In defeating Southwest 5-1 this week, Bennington scored three of Rockhurst's goals. On Monday, as his team blanked British Columbia 2-0, Breckner was credited with an assist in scoring.

Breckner was captain of the North High Soccer team last year, and Goldschmidt was captain of St. Louis's 1974 Warrior team.

Bennington was a leading scorer at South and also a member of the Warriors' third-place state tournament team two years ago.

## GCHS North wins 3-team cross-country

Steele barriers dominated the first five finishing places, paced by Sophomore Mike Baker, Monday in taking top honors on their 2.85-mile cross-country course here in a triangular meet with Mater Dei (Brees) and O'Fallon.

Baker ran the course in 15 minutes and 10 seconds to cross the finish line ahead of teammates Don Lucy, Robin Tegel, Dave Fitch and Dave Ebrecht, giving North a perfect low score of 15 points.

Mater Dei was second with 61 points and O'Fallon runners had 63.

The Brees school did not field a junior varsity squad, but North and O'Fallon competed at that level, with the Steelers winning 15-69 after a sweep of the first seven finishing spots.

Wayne Delcider led the victors seven in 16:55, followed by Ken Fitch, Joe Smith, Dan Webb, Tom Ebrecht, George Bush and Biff Bywater.

## Eagles here; MHS hopes to fly higher

Madison High School's "Green Wave" Trojans still are holding their heads high with hopes of producing the first world seed in record 14 years, despite having lost two of three 1975 games.

Madison took on the chin 14-0 at Westville and then defeated DeAndreis of St. Louis 20-14 before bowing 14-12 in a thriller to Central of St. Louis.

"Our players are tired of being at the bottom of the football ladder," says Coach Al Vander Haar.

"They have developed a positive attitude, and are shooting for the top."

The Trojans will carry that attitude into action at home Saturday in a 2 p.m. contest with the Columbia Eagles.

"We haven't really been beaten yet this year," the coach says.

"All of our opponents' touchdowns were unearned, in a sense, and we have outplayed them everywhere except on the scoreboard."

Quarterback Mike Woods has helped his team gain 28 first downs to the foes' 18, and has engineered a ground attack for a total of 499 yards rushing in three games, compared to opposing schools' 276.

The Trojans have intercepted four enemy aeriels and have allowed only two MHS passes to fall into enemy hands.

Finally wise, Madison has been slapped 16 times for 80 yards, and opponents 19 times for 180 yards.

"Our defense adds excitement to any game," beams Vander Haar. "Three times we held Westville on first and goal situations."

"I think a little more improvement on pass rushing techniques and receiver coverage, and we'll have one of the best defensive units in the area."

## Comanches awaiting Warriors' warpath

The Cahokia Comanches will attempt to snap their own nine-game losing streak, which began last year, tomorrow when they host the Warriors of Granite City High School South in a 7:30 p.m. contest.

Cahokia's last victory was during the 1974-75 season, 12-7 over South.

Cahokia has been the victim of three straight losses this season—38-0 to Springfield Southeast, 32-14 to Jefferson City and 30-0 to Alton.

South is now 1-2, losing 16-7 to GCHS North, defeating Riverview Gardens 14-6 and the bowing 20-7 during the weekend to Belleville East.

The Comanches regard their team as small in size, small in player depth and inexperienced.

But, South mentor Stan Wojcik says, "We cannot afford to regard them lightly."

Wojcik comments that Cahokia has a defensive line that is strong on the inside with its middle guard and two inside linebackers.

"We are going to play tough football, roll right at them, and hope for the best," he says.

Offensively, Cahokia is a ground team, says Wojcik, "that if we can shut them out on the ground, we have a good chance of winning the game."

The Cahokia air attack is not to be taken lightly, either. Although Quarterback Carl Carlson netted only 12 yards on one completion in losing to Springfield, the senior played in the Jefferson City game with 100 yards in 12 attempts and also scampered 40 yards on a keeper play to a touchdown.

South's defense generally has proven effective against opposing schools' running game.

It held GCHS North to a total of 58 yards on the ground. Riverview was held to 142 yards rushing and only seven in the air on one pass completion.

"The Cahokia defense is a team," says Coach Al Vander Haar. "Brian Bunjan is heading the signal-calling duties exclusively. In the first quarter against Riverview, Keith Champion, his

KEITH CHAMPION Out for season

fellow quarterback, was injured.

Champion, a 5-11, 150-pound junior, suffered a broken ankle in the contest and will be sidelined for the remainder of the season, it has been decided.

"Losing him dealt us a big blow," says Wojcik, "because he was a dual player, offense and defense. It's hard to replace someone like that."

Not really wanting to toy with the thought of possibly something happening to Bunjan, a 5-11, 165-pound senior, says Wojcik, "We have to wait in the wings Sophomore Mike Forsee."

Forsee, 5-7 and 150 pounds, maintains good control of ground play situations and is working to improve his passing game.

Noting Carlson's ability to sprint with the pigskin, Wojcik referred to key ground gains last week by Belleville East Quarterback Jeff McCarty.

"Our ends' responsibility was to tackle the quarterback as he came down the line, no matter what."

"We just got caught in the middle a couple of times and McCarty ran around end. But I think we have that cured for tomorrow's game."

Other than Carlson, South's defense will also have to contain two other runners—Phil Arvett, 5-10, 175 pound junior, and Randy Will, 180-pound junior.

SENIOR RICK DEMAREE performs in a manner which last year earned him Granite City High School's soccer "most valuable player" award after holding 14 opposing teams scoreless. The 6-1, 165-pound goalkeeper this fall shut out five of the first nine opponents. (Press-Record Photo)

## High jumps aiding Demaree as goalie

When the game action moves downfield, being a soccer goalkeeper can be a lonely position to occupy while waiting for an attacking team to bring the ball in one's direction.

But, to Granite City High School North soccer player Rick Demaree, the waiting period gives him an opportunity to catch a break before going to work in stopping an offensive onslaught. There's plenty of action then to make up for any moments of inactivity and isolation.

"A good goalkeeper," comments North mentor Bob Kehoe, "often means the difference between a team winning or losing." Thus far, the Steelers usually have been winning.

Demaree's duties require him to guard an area 24 feet by eight feet, with a net to his back. "And he does an excellent job," says Kehoe. "He poses a defensive threat to any school we play against."

The 6-1, 165-pound goalie depends to a great degree on his jumping abilities, inherited from the spring track season, during which time he specializes in high jumping. His best high jump mark is six feet, four inches.

"As far as I'm concerned," says Kehoe, "Demaree has no equal when it comes to leaving the net area and leaping high in the air to stop threatening balls which come across the mouth of the goal."

His playing skills last year held opposing schools scoreless in 14 contests, and helped the Steelers to a 20-4 season record, including a berth in the state playoffs, where they lost 2-0 to eventual state champion New Trier West.

This season, he shut out five opponents in the first nine outings, helping give the Steelers a 6-2-1 mark through Tuesday. With 11 contests remaining on the regular schedule.

"He has improved, considerably in many areas," says Kehoe, "one being his kicking,

## Cahokia harriers top South

Granite City High School South cross-country runners showed a great amount of improvement on the 2.83-mile course at Wilson Park Tuesday afternoon, but were unable to top visiting Cahokia.

While the varsity squad lost 21-9, the South junior varsity team was successful, winning 23-35.

Warrior Coach Dick Harmon noted that his South runners all turned in better times than the last time they ran the same course, with the exception of one.

"The only way to really judge improvement in cross-country is to wait until you run the same course more than once and then compare the difference," he noted. Nearly all the courses vary widely in terrain and length.

Cahokia's Jerry Monroe won the varsity competition with a quick run of 14 minutes and 35 seconds.

South's Frank Holmes was third in 14:42, Don Meagher was sixth at 15:13, Glen Ahlers was seventh in 15:21, Mike Cothery was eighth in 15:23, Randy Preswood was 10th in 15:41 and James Dumont was 12th in 16:35.

In junior varsity competition, Nelson Sages of Cahokia won the event in 16:41, but was followed directly by South's Brian Decker in 16:52 and Bill Blackwell in 16:58, filling out the first three spots.

Dave Blackwell was fifth in 17:48, Bill Harrington was next in 17:12 and Garth Widel was seventh in 17:26.

## Steelers hoping to rebound at Roxana

Coach Tom Wyrostek's North High riders will face a strong Roxana hailback tomorrow at 7:30 p.m. on the Shells' gridiron in what the Steeler mentor regards as "an extreme test of survival."

"I told myself at the beginning of the year," he said, "that we would have to wait until four games had passed to see what kind of hailback we would have."

"We knew we had a young and inexperienced team, and so we wanted to see how they fared against stronger schools."

Sofar, the Steelers have fared well, having defeated GCHS South 16-7 and Collinsville 9-0 before bowing last Friday, 20-12 to Wood River.

The problem is, that the Steelers cannot afford to lose another contest, if they are to have much hope of qualifying for the state playoffs again this season.

The players now have a strong challenge to meet and must rebound off of a defeat," says Wyrostek.

"It's another bridge a young team has to overcome. Now, let's see how they react tomorrow."

GCHS North will undoubtedly have to react with strong resistance to Roxana's running attack and stop three Shell players who, in three outings, have surpassed 100 yards apiece in rushing. Badger has 282 yards on 25 carries, Kerry Duckworth 121 on 17 carries, and Rocky Evans 120 yards on 16 carries.

Like North High, Roxana is expected to be a Mississippi Valley Conference title contender this year — also has a 2-1 record.

The Shells defeated Southwestern of Piasa 29-7, lost to Mascoutah 26-6 and last weekend crushed Triad 48-0.

Bailey, who earned 10 touchdowns last year, has carried the ball into the end zone for TDs in each of Roxana's contests thus far. Against Triad, he racked up 203 yards rushing in 11 carries and two touchdowns.

Also against Triad, Duckworth ran for 145 yards and two TDs.

Quarterback Bill Vinyard, a 6-0, 165-pound junior, added three TDs on keepers.

North's defense rose to the occasion in stopping Collinsville's strong running attack that is led by Jerry Ashmann and Lonnie Giddings. They had combined last year for more than 1,400 yards on the ground, and have been sharp in the other 1975 KahoK games.

The Steelers must also contend with Roxana's passing game, mainly Receiver Tom Vogel, who last year was the recipient of 24 aerials for seven TDs.

"Our defense will have to tighten up," says Wyrostek, "and keep the ball away from their offense."

On the other side of the line, Roxana's defense—headed by Mark Whittell, 210 pounds, Bill Drake, 190, and Dwayne Arvey, 190—will have its hands full with Steeler Quarterback Greg Corey's throwing.

Corey, a junior, has amassed 393 yards in the air thus far, with Receivers Leo Pelek and David Kwiatkowski as his most frequent targets.

## Women's soccer to begin

For the first time in the Granite City Park District's existence, a women's soccer program has been initiated and will hold its season-opening competition Sunday behind Diamond Eight at Wilson Park.

There are five teams — Sammy's Tavern, Amco Plumbing, Family VFW Post 120 and Mercer Mortuary — each playing a 12-game schedule.

At the conclusion of the fall

program, the top four teams in the standings will compete in a playoff series to determine a series champion.

The league is for girls and women who were high school juniors on Jan. 1, 1975, or are older. There is no top age limitation.

Competing Sunday are: Sammy's vs. VFW, 1:15 p.m.; Amco Plumbing vs. Family, 2:30 p.m.

## North beats harriers of Collinsville

Steeler Harrier Mike Baker, a sophomore, remains undefeated in dual varsity contest — country meets, having led teammates and Collinsville runners across the finish line in 14 minutes and 41 seconds yesterday at GCHS North's 2.8-mile course. North won the meet 19-43.

Collinsville's Martin placed second in 14:55, and the next five spots were taken by North harriers — David Fitch 15:17, Don Lacey 15:30, Greg Stout 15:36, Robin Tegel 15:44 and John Bracamonte 15:52.

North runners also captured a fresh-soph meet with Collinsville, 16-44.

Steeler Joe Smith won the event in 16:16. He was followed across the finish line by Dan Webb, Ken Futch, Wayne Deolier, Collinsville's Gavin Biff Elywater and Dale Parker.

## Top drivers in races Saturday

It has been more than year since Bubby Jones, of Danville, Ill., piloted his super-sprint race car to victory on the half-mile dirt oval here at Tri-City Speedway, enroute to capturing his fourth straight special race event before having his winning streak snapped on Oct. 5 last year by Wood River's Larry Kirkpatrick.

This Saturday, Jones will be among many of the nation's top-rated drivers who will roll their sleek, open-cockpit racers onto the clay dirt in preparation for qualifying time trials, beginning at 7 p.m. to earn a starting spot in the 33-car field that will comprise the lineup for a 33-lap feature event.

Several years ago, when the magic word in auto racing in this area was "super-sprints," Jones, dubbed the "Flying Barber," all but dominated the weekly racing programs here, dueling wheel-to-wheel with such drivers as Wil Spalding, Bill Utz, Kirkpatrick, Jimmie Moughan, Dean Shirley, Cliff Cochrum, Dick Sutcliffe and others.

Cochrum this year captured his second straight track title at Hubbard, Ind.

When then Tri-City Promoter Ralph Kiesling ceased operation here about five years ago, Jones began campaigning on the U. S. Auto Club national sprint circuit, and later made a name for himself after winning race after race on dirt tracks across the Midwest.

Jones is still occupying the winners' circle, his most recent victory being last week in a 25-lap feature race at Hubbard.

Utz, of Sedalia, Mo., once known as the "Flying Blacksmith," campaigned in weekly events at Jefferson City, Mo., and last year captured the International Motor Contest Association's 1975 point championship.

The IMCA is one of the oldest and most prestigious racing organizations in the U. S.

Utz is currently leading that association's 1975 point standings by a slim 65 points over Jan Opperman, after the two battled on dirt at Spencer, Ind., in a 30-lap feature race.

Opperman won the battle, leading Utz across the finish line. If his busy schedule permits, Utz is also expected to be an entry in Saturday's program here.

Dean Shirley is putting his talents to work on the short track at Springfield, Ill., and last week raced home a winner in a 25-lap feature event there. Moughan, at the age of 45, is still going strong and competes also at Springfield, having won a semifinal event there last week.

The list of veteran sprint car drivers could go on endlessly. But not to be forgotten is the crop of relative newcomers to the sport, now making headlines across the nation. Many of them will compete here Saturday.

Iowa's Rick Perkel, the "Buckeye Traveler," competed here last year, and more recently was leading the National Sprint Championships at Dallas, Tex., before mechanical problems caused him to yield the 50-lap race to Opperman.

Last week, Perkel paid a surprise visit to the Mercer, Pa., speedway and dusted off the regulars after starting 15th in the 25-lap main event for super sprints.

And then there's teenage driver Sammy Swindell of West Memphis, Ark., who last month successfully defeated the 1974

## Steelers, St. Paul tie 1-1

GCHS North soccer Steelers experienced their first deadlocked game of the season Tuesday, playing to a 1-1 deadlock with St. Paul at Highland.

North outplayed the hosts, getting 13 shots on goal to St. Paul's six.

Goalkeeper Mike Hill, a junior, made six saves to the opposing goalie's four.

A combination of plays resulted in North scoring 12 minutes into the first period. St. Paul tied the contest with a goal in the third quarter.

Steeler Kevin Marcus, a fullback, sent the ball sailing to Jim Goodyear at the left side of the field in the first quarter. He in turn headed the ball toward the mouth of the goal to Perry Hartwick.

Hartwick's attempt to head the ball into the net resulted in a collision between him and St. Paul's goalkeeper, the ball rolling free into the goal.

Two five-minute overtime periods failed to decide the game.

Scoring for South's Warriors were Ben Brown 43 and Jay Fedora, Kevin Worster, Jim Cedor and Bob Crawford, 44 each for nine holes.

## Meet on ice hockey tonight

The Granite City Amateur Ice Hockey Association will hold its September meeting today at 7:30 p.m. at the Nameoki Recreation Center, Franklin and Ames Avenues.

Parents of hockey players are being asked to attend.

To be discussed are an open registration date, a skate swap, a turkey shoot, appointment of a chairman for the association's annual dance, and appointment of coaches to officiate during the upcoming season.

## Dance for county girl soccer group

The Madison County Girls' Soccer Association will conduct a fund-raising dance Saturday (8:30 p.m. to 1 a.m.) at the Croatian Home Hall, 10th Street and Madison Avenue, featuring music by Terry Dutko and his band.

Funds from the event will be used to purchase playing equipment, patches and new goalposts for next season, which starts in the spring. The association, after deducting expenses, ended this year with \$5 in the bank.

The dance is open to the public at a cost of \$10 per couple at the door, including a luncheon and refreshments.

**PAST PTA PRESIDENTS**, who were honored with leadership-service certificates and flowers by Emerson Parent-Teacher Association. First row, from left to right — Linda Leggett, 1967-68; Maxine Rutter, 1968-69; Mary McCabe, 1971-73; Edna Stutch, 1956-57; Mary Danner, 1963-64; Lillian Taylor, 1957-58. Second row, from left — Walter Klein, former principal who organized the PTA at Emerson School in 1948; Newell Danner, 1955-56; Bob Ouland, 1961-62; Jerry Rosenberg, 1948-49; Ed Gowan, 1962-63 and Lee Rollins, 1949-50.

## Emerson PTA honors past officers

Walter Klein, former principal of Emerson School who started the Parent-Teacher Association unit there in 1948, was a special guest at the Emerson PTA meeting last week, together with several past presidents.

All were introduced and shared memories of various events at the school, including benefit dinners which provided funds for the school library and to purchase drinking fountains and athletic equipment, among other achievements.

Certificates of leadership and service to Emerson PTA were presented to the past officers, along with gifts of red roses to the women and red carnations to the men. The flowers were donated by the Rose Bowl Flower Shop, 23rd Street and Delmar Avenue.

Among the past presidents honored were Jerry Rosenberg, 1948-49; Lee Rollins, 1949-50; Newell Danner, 1955-56; Edna Stutch, 1956-57; Lillian Taylor, 1957-58; Bob Ouland, 1961-62; Ed Gowan, 1962-63; Mary

Danner, 1963-64; Linda Leggett, 1967-68; Maxine Rutter, 1968-69; and Mary McCabe, 1971-73.

Principal Alfred Wilson introduced members of the teaching staff and Pat Strauser gave the opening prayer. Mrs. Schaeffer led the audience in a song to start the program.

Mrs. Dorothy Phelps, president of the Granite City Area PTA Council, was the guest speaker. Her remarks, dealing with the topic "What Is PTA All About," focused on the PTA's objectives and its achievements at the state and national levels.

Also last week, the Emerson PTA executive board entertained mothers of kindergarten pupils at a get-acquainted tea. The PTA program was explained and all were encouraged to join the organization.

## Missionaries here Sunday

The Rev. Donald Stuckless, Assemblies of God missionary to Panama, Central America, will be guest speaker at 7 p.m. Sunday at the Tri-City Park Tabernacle, 2301 Clark Ave., according to the Rev. J. Albert Calaway, pastor.

During their next term of missionary service, Rev. Stuckless and his wife Bonnie will be working in Panama. While there, they will do general missionary work in the Assemblies of God churches and conduct home charismatic prayer meetings. They also will minister to students at the University of Panama in Panama City.

Prior to their transfer to Panama, Rev. and Mrs. Stuckless were active in evangelism, Bible school and pioneer church work in Colombia, South America. Mrs. Stuckless worked in children's evangelism.

Rev. Stuckless served as director of the International Correspondence Institute in Colombia. ICI is a worldwide literature distribution program for Christian teaching and evangelism. More than 7,000 students have enrolled in the Colombia ICI.

In preparation for missionary service, Rev. Stuckless received the BA degree from

REV. DONALD STUCKLESS.

Central Bible College in Springfield, Mo., and the MA degree from Trinity Evangelical Divinity School in Deerfield, Ill. Mrs. Stuckless received the RN degree in Canada and is presently working on the BA degree from Blackburn College in Carlinville, Ill. Both are graduates of the Spanish Language Institute in San Jose, Costa Rica.

The Stuckless pastored a church in Scottsbluff, Neb. prior to their missionary appointment.

## Frohardt PTA plans projects

Mrs. Judy Russell, newly-elected president of Frohardt School PTA, presented at the first meeting of the season and introduced her corps of officers for the year.

They are Mrs. Arlene Laub, vice-president; Mrs. Jenna Johannpeter, treasurer; Mrs. Joyce Toussaint and Mrs. Donna Asbeck, room parents; Mrs. Laverne Hammond, ways and means; Mrs. Phyllis Bills, membership; Mrs. Ruth Yager, publicity; Mrs. Edie Donjahn, membership; Mrs. Deloris McCallister, yearbook; Mrs. Fran Holt, scholarship; Mrs. Melba Elmore, librarian; Mrs. Janet Wilson, legislation; and Mrs. Jennifer Moore, health and safety.

## Ice cream social

Sunday afternoon

The Reorganized Church of Jesus Christ of Latter Day Saints, Poplar Street and Niedringhaus Avenue, will hold an ice cream social from 4 to 6 p.m. Sunday, Pastor Barry Murphy has announced.

A fee of 35 cents will be charged for a serving of cake and ice cream or pie and ice cream at the church playground, the pastor said.

He also reported a rummage sale is planned Oct. 3 and 4.

## Downtown GC style show again Tuesday

Retail store owners in Downtown Granite City continued to show the latest in fall and winter clothing fashions for men and women, jewelry, giftware and other products at the third free style show and lobby display held Tuesday noon at the Washington Theater.

The final show in the current series will be staged Tuesday from 11:30 a.m. until 1:30 p.m. at the newly decorated Downtown movie theater.

More than 400 attended this week's showing, which featured clothing items ranging from lingerie to sportswear to evening gowns.

Patrons are encouraged to attend the free show during a short lunch break, staying 20 minutes or less, or remain for the entire two-hour period, according to Marilyn Lunsford, general chairman and proprietor of Marilyn's House of Fashion.

A box lunch, consisting of a ham or 'cheese sandwich, cookies and potato chips, is available for \$1. The theater concession stand also is open during the style show, Mrs. Lunsford said.

Two \$10 gift certificates were presented by Libson Shops as part of Tuesday's program and will be offered again next Tuesday, Mrs. Thelma Pyles, local store manager said today.

Patrons also received a special coupon entitling the bearer to 10 per cent discount on non-sale merchandise if redeemed Tuesday through Thursday at a participating store.

The Washington Theater management distributed free passes for a matinee show, scheduled at the theater on Saturday, Oct. 4.

Among the firms with lobby displays are Walker and

Hudson jewelry stores, Champion's Potpourri, F. W. Woodworth Co., Men's Norman Cosmetic Studio, Daniel's Shoe store and Jan Van Upholstering.

A total of 118 fashions were shown Tuesday and an equal number, all different, will be presented next Tuesday, Mrs. Lunsford said.

Business firms which will continue to display clothing fashions, jewelry, shoes and cosmetics, include:

Boutique II by H. G.; Stephanie Shop; Truller's Men's Wear; Earl's Discount Store; Carp's Department Store; Leader Department Store; Libson Shops; Marilyn's House of Fashion; Schermer's Men's and Boy's Shop; Ruth's Store of Fashion; and Tops 'N' Bottoms.

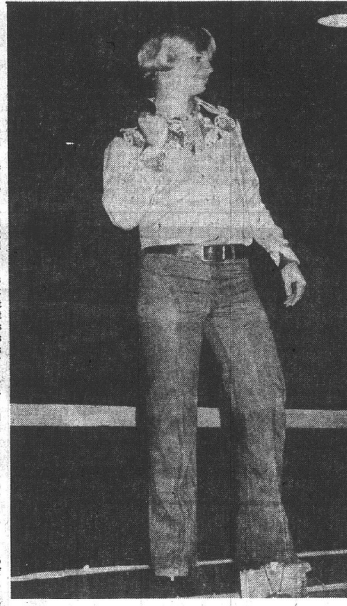

Jewelry will be furnished by the Hudson, Michel and Walker jewelry stores; shoes by Bunkie, Daniel's and Leader stores and cosmetics by Merle Norman Cosmetic Studio.

The fashion show series is being sponsored by Downtown Granite City, Inc., a business organization dedicated to revitalizing the central area of the city as a shopping and business district.

### \$875 BURGLARY LOOT

Items valued at about \$875 were stolen from the home of Kathryn Wilson, 2805 E. 25th St., it was reported at 9:25 a.m. Wednesday. The door facing was ripped from the rear door and the door was forced open. Taken were \$300 in cash and coins, a \$200 television set, a \$45 fishing rod and \$29 reel and a tackle box, containing fishing equipment worth \$300 or more.

### OPEN PLAY AFTER NINE DAILY TRI MOR BOWL

U.S. NAVY ORIGINAL. The popular 'P' jacket, now in denim, makes a return to the fall and winter scene. Dan North for Leader Department stores slings the jacket over his shoulder to display his western-style blue chambray and print shirt and prewashed jeans. Continuous showing of 120 fashions will take place from 11:30 a.m. to 1:30 p.m. Tuesday at the Washington Theater. Admission is free.

## Chouteau to study site for building

The Chouteau Town Board of Auditors has called a special public meeting for 5 p.m. Wednesday, Oct. 8, at the site of the township garage, off Interstate 270, behind the Midwest Motel in Mitchell, to examine the site and determine

where a new town hall and community center building should be placed.

The board called for the meeting at the suggestion of its architect, John Rapp, during a lengthy discussion on building materials.

Rapp suggested an entire meeting should be devoted to the building, including its placement on the property the township owns near the highway garage. Consideration also will be given to access for parking and for possible future construction on the site.

After the on-site meeting, the board will return to 825 Thorgate Drive, Mitchell, to discuss construction of the building.

Other township business will be conducted by the board at its regular meeting Monday, Oct. 6, beginning at 7 p.m. at the town offices, 825 Thorgate Drive. The board also will meet Oct. 20.

## Gas plant

pipeline quality by removing contaminants.

It is estimated that the landfill of the city of Madison is big enough to furnish the gas for an estimated 20 years.

The city will be paid one-eighth of the gross sales, which are estimated at \$20,000 to \$40,000 yearly.

The Madison City Council on Sept. 24, 1974, approved an agreement to allow tests at the Madison-owned landfill to determine if there were enough underground gases at the site to be commercially developed.

The landfill formerly was known as the MAL landfill. The company has a process for taking gas formed by refuse, cleaning the gas of impurities and distributing it commercially.

The agreement allowed the company to make tests to determine if the gases were there in sufficient quantity, and allowed an 18-month period in which to conduct tests and begin construction of a processing plant if it proved feasible.

It was noted in 1974 by Mayor Sasyk that even though the company will be processing gas at the landfill, the city still could use the land at a later date for a development, such as a truck stop, without upsetting the gas processing.

## Kiwanis picnic

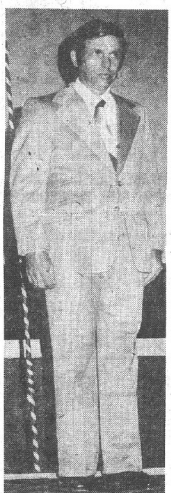

The Evening Kiwanis Club which meets Monday evenings at 6:30 p.m. in Charlie's Restaurant will hold its annual picnic Sunday at Connie Bauer's farm, Edwardsville.

President Michael Tondas reported Monday evening that peanuts for the annual peanut sale have been ordered and the date will be set at the next meeting.

Kiwanian Al Joesse reported that the club bought a pair of eyeglasses for a needy child recommended to the Boy and Girl Committee by school officials.

HEATHERSTONE PANTSUIT with contrasting trim, machine washable, is modeled by Barbara Burgess for Carp's Department Store in Downtown Granite City, Inc.'s free fashion show held Tuesday luncheon at the Washington Theater. The final show in the current series is scheduled from 11:30 a.m. to 1:30 p.m. Tuesday at the downtown movie theater.

MODIFIED EUROPEAN styling is evident in this polyester and wool blend gabardine suit worn by the Rev. Roy Baugh, pastor of Niedringhaus United Methodist Church, for Truller's Men's Wear, in Tuesday's fashion show.

NARROW RHINESTONE straps over the shoulder and a touch of glitter at the low neckline accents the green holiday formal worn by Mrs. Dolores Wheatley for Ruth's Store of Fashion. The gown was among 118 outfits displayed Tuesday.

## Student becomes ill after boy puts 'powder' on food

An 11-year-old Lake School student was admitted in satisfactory condition to St. Elizabeth Hospital Tuesday afternoon after someone sprinkled some kind of powdered drug onto his lunch at noon Tuesday.

The boy told police he placed his lunch on a cafeteria table and went to the restroom. When he returned and started eating, another boy told him he better not eat any more since someone had sprinkled something on the food.

The boy's mother took him to see the family doctor, but about 4:30 p.m., the boy began feeling ill and was admitted to the hospital with dizziness, a headache, fever and stomach pains.

## 16 recovering after surgery

Patients at St. Elizabeth Hospital who have undergone major surgery since Monday, Lester W. Frisse, 2536 Washington Ave., Kyon C. Hancock, 2106 Elm Ave., Linda Harvell, 2436 Bryan Ave., Garland Knight, Glen Carbon; Sheridan J. Mathis, 2718 Myrtle Ave.; Leythes M. Odom, Campbell Hill, Ill.; Anjanette Taylor, 1612 Moro Ave.; Billie J. Boyd, 4050 Vesel Ave.; Edna Mae Foote, 123 Granville St.; Richard Geppert, 1239 Nineteenth St.; Janet Jones, Edwardsville; Christine Roberts, 1152 Rhodes St.; Ellen Smith, Edwardsville; Edward Wilson, 6 Harrison Ave.; William Trindle, 2008 Twelfth St.; Venita Urban, Alton.

School officials and police questioned several students and found a 9-year-old boy who said he found a bottle of powder in a lot at Pontoon Beach and Lake Drive in Pontoon Beach and had placed the bottle in his lunch box.

The 9-year-old said he had told an 11-year-old boy about the bottle and the older boy had sprinkled some of the powder on his lunch and then switched trays with the boy who later became ill.

Both boys involved were ordered to meet with juvenile authorities.

## Townships in peril—Sparks

The need for unified support from everyone involved in the township form of government was voiced by Chouteau Township Supervisor Walter "Dick" Sparks at a Chouteau Town Board of Auditors meeting.

"Someone is trying to abolish township government," Sparks alleged, adding, "They went after the assessors and tax collectors first, since they seemed to be vulnerable."

"We have kept the tax collectors from being abolished, but now they are trying to turn a lot of the assessing work over to the county supervisor, of assessments and his crew."

Sparks continued, "I have noticed at meetings of county officials, the people who have nothing to do with the township governments want to have nothing to do with them."

"Since I have been back on the Madison County Board, I have noticed that there are some ill feelings against the township form of government."

## County appeals board to hear permit pleas

The Madison County Zoning Board of Appeals will hold two on-site public hearings Monday and Wednesday on requests for special use permits to place mobile homes in Quad-City area townships.

At 9 a.m. Monday, the board will meet at 2022 Collinsville Road, Cloverleaf Addition off Route 203, Nameoki Township, where Roland Schrock is requesting a permit to place a 12 by 60 foot mobile home.

Wednesday, at 9 a.m., the board will meet with Paul Leon Whitford, who is requesting a special use permit to place a 14 by 74 foot mobile home in the Canal Gardens Subdivision, an R-3 single family residential district of Venice Township.

The property is reached by taking West Pontoon Road to the first road west of Route 151 and turning right to the first road on the left and then turning left for one-half mile. The property is on the left side of the road, at mailbox 1353B.

## Services today for John Crenshaw, 38

Funeral services were held at 1:30 a.m. today at a Belleville funeral home for John Crenshaw, 38, of 523 N. Jackson St., Belleville, father of John E. Crenshaw II of Madison. He died Monday at Memorial Hospital, Belleville.

Other survivors include his father, two sisters and two brothers.

## Oct. 3 busy homecoming day

A 7:30 a.m. soccer pep rally in the auditorium of Granite City High School South on Friday, Oct. 3, will start a busy day that also will include a parade, soccer game, football game and dance, putting the final touches on this year's GCCHS South Homecoming week.

The theme for the Homecoming is "Reach Out for Victory" which will be highlighted at the rally. At 4 p.m. Friday, the Soccer Warriors will travel to meet their crosstown rivals, the Steelers.

South students will be dismissed from school at 2 p.m. to participate in the annual Homecoming parade.

The parade will start from the rear parking lot of the school, travel south on State Street to 27th Street, then east to Madison Avenue, north on Madison Avenue to Nameoki Road, then west on Fehling Road and back to the school.

Floats, based on the Homecoming theme, will be entered by the following school clubs and organizations: vocal, social studies, Spanish, band, speech and theater, science, Red Peppers, leadership, art, Student Council, cheerleaders.

The queen and her escort will have a special car.

The homecoming football game beginning at 8 p.m. will be between the Warriors and the Edwardsville Tigers.

The Red Peppers have added a line to the Homecoming slogan, "Reach out for Victory and Catch a Tiger by the Tail."

Speech and theater students at Granite City High School South are selling tickets for the Homecoming dance, Friday, Oct. 3, in the school cafeteria after the football game.

Tickets are \$1 per person if bought in advance and \$1.50 at the door.

Music will be provided by "Faustus."

## Dental education short courses offered in fall

The department of continuing dental education of the Southern Illinois University at Edwardsville School of Dental Medicine will offer two short courses during October.

The first seminar — "The New World of Occlusion, 1975, 'How-To-Do-It'" Laboratory Procedures, The New World of Prosthodontics, 1975 — will be taught by Dr. Bernard Jankelevich, with assistance from Dr. Richard E. Coy, Oct. 3-5.

Objective of the three-day course is to take all guesswork out of occlusal adjustment, denture retention, TMJ syndrome, orthodontic diagnosis and treatment, complete dentures, and full mouth reconstruction, according to Dr. Coy, director of advanced educational programs for the School of Dental Medicine. The second course — "Minor Tooth Movement in Children" — will be presented by Dr. Joseph

M. Sim Oct. 15. The course is designed for the generalist or pediatric dentist desiring to extend interceptive orthodontic treatment to his child patients who exhibit treatable malocclusions between the ages four and 10, Dr. Coy said. Among the topics to be discussed are: "The Dowey Anderson System," "The Diagnostic Crowding Incisors," "Treating Cross-Bites,"

and "Treating Cross-Bites." Both courses will be presented from 9 a.m. to 5 p.m. at the Center for Professional Advancement on the SIUE Alton campus. Additional courses will be offered during November and December. Persons interested in obtaining a complete schedule may contact the Center for Professional Advancement.

## Trust bank opens 1975 'Dress-A-Doll' contest

E. A. Karandjeff, president of Granite City Trust and Savings Bank has announced the opening of the eighth annual "Dress-A-Doll" contest to provide colorfully-dressed gift dolls for less fortunate children of the community.

The competition is a prize contest in which the bank furnishes all dolls and prizes while the contestants donate their skills to sew original costumes for the dolls. Prizes will be awarded in several categories; fancy dress, nationally costume, character, knit and crocheted, sensible dress, special class, and a special category for this year's

promotion titled bicentennial dress. The Granite City Trust bank awards individual cash prizes in each of the seven categories; plus an overall grand prize for the best-dressed doll in the contest, Karandjeff stated. After the dolls are on display in the bank lobby during the first two weeks of December, the dolls will be distributed by various local agencies to needy children at Christmas time.

## Recreational expenses at SIUE approved

Expenditure of \$135,890 from the Student Welfare Recreation Fund (SWRF) at Southern Illinois University at Edwardsville for operation of recreation facilities during the 1976 fiscal year has been authorized by the SIUE Board of Trustees.

The recreation facilities include the temporary athletic facility and attached shower-locker facilities (the "bubble gym"); playfields adjacent to the temporary athletic facility; and Tower Lake recreational facilities.

The action of the board is in agreement with previous board actions of September 1973 and July 1974 involving SWRF monies.

University officers said they believe operating costs associated with recreational facilities should continue to be funded from non-state sources because of continuing budgetary constraints.

Before submission to the board, the proposal was approved by the Student Senate, the vice-president for student affairs, personnel associated with the temporary athletic facility and Tower Lake recreational facilities, and the University controller and budget director.

## Improvements for Dental School ok'd

Capital improvements to the old "University Center" building on the Alton campus of the School of Dental Medicine of Southern Illinois University at Edwardsville have been authorized by the SIUE Board of Trustees.

The project will be funded by a \$100,000 "Start-Up" grant from the National Institutes of Health (NIH). It will be the fourth and final grant from NIH to the School of Dental Medicine, according to Dr. Stanley Hazen, dean of the school.

The improvements will convert areas on the first and second floors of the building to administrative offices. Dean Hazen said, administrative offices currently are scattered in various buildings on the 26-acre Alton campus.

Offices to be consolidated in the renovated building include the office of the dean, office of student affairs, campus general office and registrar.

Renovations in the basement level of the building were started this year. The improvements were funded by the Capital Development Board in the amount of \$100,000 and involved the heating, air-conditioning, plumbing and electrical systems.

The resolution adopted by the board also designates the architectural firm of Thompson Associates, Troy, to provide architectural services for the improvement project. The firm has been engaged in all previous NIH projects at the Alton campus.

## Former Venice resident sought

James E. King, 31, formerly of Venice, but now reported living in St. Louis is being sought by St. Louis police for questioning in the shooting of his estranged wife, Mrs. Geraldine W. King, 28, Northwoods, Mo.

Mrs. King was shot and fatally wounded at 3:35 p.m. Monday at an ice cream parlor in St. Louis, according to police.

St. Louis authorities said that as Mrs. King approached the counter, a man entered and started shooting at her. She was struck in the head, the abdomen and the left hand. Seven other persons in the store escaped injury. She was taken to City Hospital where she was pronounced dead at 6:05 p.m.

The man who fired the shots reportedly ran out the front door, entered a parked auto and drove away.

## Madison seniors guests of mayor

Members of the Madison Senior Citizen's Club met at the Madison Recreation Center last week prior to going to the Arlington Golf Course picnic area as guests of Mayor Mike Sasyk.

Mayor Sasyk greeted the

members and guests as they arrived. Fishing poles and bait were available for those wishing to fish. The banks were lined with hopeful fishermen and women for a period of time with some fish being caught.

Games were played under the

supervision of Mrs. Mary Bridick. Barbecued chicken, salads, birthday cake, coffee and ice tea were served by members having birthdays in the month of September, assisted by Mayor Sasyk and Mrs. Sasyk.

Those wishing to view the golf course were taken on a tour. Pictures were taken throughout the entire day of activities by members.

Those attending the third year of the event included Needames Grace Hormann, Mary Bridick, Vicky Bilbrey, Edna Foster, Anna Reed, Sue Cain, Barbara Dudek, Verna

VanOver, Theresa Brzostowski, Mary Domanski, Eva Sasyk, Annette Stultz, Helen Bertacchi, Mary Dezan, Frances Baker.

Mr. and Mrs. Lester Cook, Mr. and Mrs. Claude Bilbrey, Mr. and Mrs. Frank Shifter, Mr. and Mrs. Stanley Domanski, Mr. and Mrs. Zolli Galtz, Mr. and Mrs. Mike Stubbins, Mr. and

Mrs. Andrew Lutz, Mr. and Mrs. Harry Hornberger, Mr. and Mrs. Leopold Six, Mr. and Mrs. Clarence Green.

Henry E. Vandavey, John Blatter, Ignace Weiss, J. Culpepper, John Polson, Kenneth Langston, Ray Minnick, Kelly Dutko, Mike Macek, Avery Schermer, Albert Hrudzik, Frank Papa, M. A. Walker and Charles Dopich.

A number of the group attended the Senior Citizen's Fair held at SIU at Edwardsville earlier in the week, at which time the Madison Kitchen Band entertained for 30 minutes, playing a number of selections on the washboards, drain pipes, wash tubs and strainers. The band received a standing ovation while playing "It's A Grand Old Flag" with small flags being waved by several members.

Mrs. Frank Shifter, band director, blew soap bubbles while the group played "I'm Forever Blowing Bubbles." Mrs. Opha McMahan sang "A Good Man Is Hard To Find," accompanied by the band.

Pictures were taken of the group. Entertainment is furnished by the Kitchen Band at organizational meetings.

## Students from 14 nations arriving at university here

International students attending Southern Illinois University at Edwardsville for the first time this fall have been told to take their time in making large purchases.

At an open house and orientation at the International Student Center on campus, new students were given tips on how to purchase automobiles to understand American social customs.

## New phase of work on Poplar St. Bridge

The Illinois Department of Transportation advises that repair of the interchange and approaches of the Poplar Street Bridge complex has progressed sufficiently to enable the reopening of the roadway segment providing access to the south to Illinois Route 3 for eastbound traffic leaving Interstate 55 and 70.

The repair work, which began July 14, follows a determination through the department's bridge inspection program that some of the expansion bearings were not functioning properly.

The bearings have not allowed the bridge to expand and contract, resulting in damage to the top of the pier supports and the steel girders. To correct this problem and prevent further damage, 342 expansion bearings will be replaced with "elastomeric bearings," which are rectangular bearings with a hard rubber type surface which will permit normal movement of structural steel due to temperature variations.

Damage to the steel girders and pier caps will be repaired at the same time.

In order to minimize traffic congestion as much as possible, the complex is being repaired in segments on a sequential schedule.

Adequate signing and other traffic control devices will be maintained to guide traffic through the complex around the particular segment being repaired, a spokesman said.

In conjunction with the

reopening of the segment providing access to Illinois Route 3 to the south, it is necessary to close roadway segments of the complex providing connections from traffic northbound on Illinois Route 3.

Northbound traffic on Illinois Route 3 will be directed onto Interstate 55 and 70 on a marked route through East St. Louis via Mississippi Avenue, 8th Street, Broadway, 20th Street and Vaugh Avenue.

Westbound traffic on Interstate 55 and 70 will still be prevented from turning onto the ramp providing access to Illinois Route 3, south.

It is anticipated that this phase of the work will be completed by the end of April 1977, however, it may be possible to restore traffic to some of the closed roadway segments at an earlier time.

The Illinois Department of Transportation will provide periodic information regarding the rerouting of traffic through the complex as the work progresses.

Motorists are asked to be patient and on the highway traveling through the complex area, the department stresses.

The repair work is being done by H. H. Hall Construction Co. and Illinois Ben Hur Construction Co., under a contract with the Department of Transportation for \$3.4 million. The contract completion date is Nov. 1, 1976.

"Don't feel silly asking questions. It may save you embarrassment later," a foreign student who has been enrolled at SIUE for several quarters said.

Many new students, still suffering from "jet lag," listened intently as their classmates advised them where to shop, how to do their laundry in American automatic laundries, and how to obtain second-hand furniture or household goods for their apartments.

The open house and orientation were sponsored by the university and the International Hospitality Program (IHP), a

volunteer program which watches over more than 200 students attending SIUE from other countries.

Twenty-seven students representing 14 different countries have arrived on campus or will arrive sometime within the next five days.

They include: six students from Iran; four from Nigeria; two each from Thailand, Taiwan, India, Bolivia and Canada; and one each from Switzerland, Japan, Australia, Pakistan, Venezuela, Korea and Sri Lanka (formerly known as Ceylon).

How do students from so many different lands learn about SIUE? Yasuhiro Fujino, of Japan, said he learned about SIUE from a friend of his cousin. Fujino traveled all the way here to work toward a master's degree in mechanical

engineering. Rose Shaw, of Taiwan, learned about SIUE through a friend. She will work toward a master's degree in biology.

Gerardo Martinez, from Venezuela, applied at several universities in the United States and was accepted at SIUE.

Part of the welcoming activities will include an IHP pot luck supper at the Westerner Club grounds on Powder Mill Road in East Alton for new students and their host families Oct. 5 at 2 p.m. Games and other entertainment will be provided.

On Oct. 26, the organization will have another pot luck for foreign students attending SIUE. The meal will be served at the First Baptist Church on St. Louis Street in Edwardsville at 6:30 p.m.

## Sees burglars

A television and a stereo, worth a total of \$800, were stolen from the home of Lester Kyle, Box 1288, Chouteau Slough Road, at 10:30 p.m. Tuesday. Kyle said as he returned home, he saw two men leaving his house.

He went to a service station and called Madison County sheriff's deputies. Deputies found the front door of the home had been pried open. Kyle said the burglars left driving a blue and white Rambler, about a 1964 model.

either evening of entertainment may be obtained by contacting Judy Thatch, foreign student adviser at SIUE, OR Reba Klenke, at 656-5022.

## Harold Williams succumbs

Harold Guy Williams, 53, of Rural Route One, Granite City, became ill at home and was taken by ambulance to St. Elizabeth Hospital where he was pronounced dead upon arrival at 9:40 a.m., Tuesday. A 48-year Granite City resident, Mr. Williams, was born in Herrick, Ill.

Mr. Williams retired six years ago at American Steel Foundries after 37 years service as a machinist.

He was a member of St. Mary's Catholic Church in Madison and also belonged to the Granite City Moose Lodge 272.

Survivors include his wife, Mrs. Marguerite Williams; two

brothers, James Arnold Williams of Granite City and Claude Vernon Williams of Shelbyville, Ill.; four sisters, Mrs. Gladys Corley of Decatur, Ill., Mrs. Joseph (Marian) Yelneck and Miss Dorothy Williams, both of Granite City. Funeral arrangements are given in the obituary column.

**STEAL PICKUP TRUCK.** The turquoise 1968 GMC half-ton pickup truck of James Traubach, 1408 Iowa St., was stolen from the side of his home between 6 p.m. Tuesday and 12:10 a.m. Wednesday.

## Scuba class registration

A basic Scuba class is planned by the Tri-City Area YMCA, and students may register through Tuesday, Sept. 30.

The course which lasts eight weeks, will be held on Wednesday nights from 6:30 until 10:30 p.m. The first two hours of each session will be spent in the classroom and the remaining two hours of each session will be spent in the pool learning the basics of both skin diving and scuba diving.

Persons 15 years of age or older may register for the course.

Upon completion of the course and open water diver training, students will be certified through the Professional Association of Diving Instructors, a certifying agency which is recognized world-wide. The course is designed to teach persons to dive safely anywhere in the world.

Students are required to supply their own swim suits, towels, pen and paper, and snorkel. All other equipment which includes masks, fins, tanks, regulators, bac pacs, weight belts and wet suits, if required, is supplied for use during the class.

Members of the East Side Diving Club will assist the instructor during the class. The club offers opportunities for open water diving training almost anywhere in the United States and the Virgin Islands. The next Florida-Bahama trip will leave this area on Dec. 26 and return around Jan. 2 or 3. Dive trips within five hours driving distance of the Granite

City area are offered every weekend during the summer and every other weekend during the winter. Any one is welcome to participate, but reservations must be made at least one day in advance.

The Florida-Bahama trip offered over the Christmas vacation is estimated to cost between \$150 to \$225, which will include all transportation, food, and lodging. Members of the club are presently on a float trip down the Arkansas river in Colorado. A trip to the Great Lakes is being planned soon.

Any one of these trips can be used to obtain the open water time needed for PADI certification. More information may be obtained by calling Debbie Holt at 876-4547.

## Car strikes 2 students

Two Southern Illinois University at Edwardsville students were severely injured at 9:05 a.m. Tuesday when they were struck by an automobile on University Drive near the center of the campus. Both students suffered fractured pelvises and other injuries.

Taken to St. Elizabeth Hospital in Belleville, the students were in stable condition. The driver of the car was Lyleve Singleton of Edwardsville, an academic adviser in elementary education at SIUE. The vehicle was southbound.

The students were walking toward a parking lot when the accident occurred.

## Drop charges in 3 cases

Felony charges against three Quad-City area residents were dismissed this week in Madison County Circuit Court, all on the recommendation of the Madison County State's Attorney's Office.

The court agreed Tuesday to dismiss charges of involuntary manslaughter and reckless homicide against Danny Allen, 18, of 2420 Madison Ave., who had been charged with being the driver of an auto in which Miss Patty Porter, 19, of 1521 Fourth St., Madison, was fatally injured during an accident on

Seventh Street near Washington Avenue in Madison April 11. A charge of perjury against Freeman D. "Dave" Richards, who operated Dave's Taxi Service, Madison, was dismissed Monday on the state's attorney's recommendation.

Richards had been charged with giving false testimony Feb. 6 to a grand jury investigating the Nov. 19 shooting of Charles Ragan, 31, of 15 Lakeview Drive, Pontoon Beach. Also dismissed Tuesday was an aggravated battery charge

against James R. Dukes, 38, of 2218 Edwards St., who had been charged with striking Bill Garriss, 1741 Poplar St., with a metal pipe June 9, 1975. A court spokesman said the victim withdrew his complaint.

The court accepted a guilty plea on a charge of theft from Kevin C. Garrett, 17, of the 1000 block of Douglas St., Venice, who allegedly was among four men who stole 13 tires and wheels from new cars on a Terminal Railroad Association train near Venice April 27. He is to be sentenced Oct. 28.

## Frank Pare dies; supervisor at plant

Frank Pare, 68, of 3313 Lydia Lane, active in church programs and civic organizations, died at 7:06 p.m., Tuesday at St. Elizabeth Hospital. He had been ill three and a half years.

He was born in Detroit, Mich., and resided in this area 30 years.

Mr. Pare was a member of St. Elizabeth Catholic Church, where he also served on the church board and was a past treasurer of the Holy Name Society.

He belonged to the Knights of

Columbus 1098 and Fourth Degree Assembly; was a past president of United Steelworkers Local 30, serving for two terms; was the first president of the Granite City Steel Management Club and was a director of the National Management Association.

Mr. Pare was active with the Junior Achievement program here and was a volunteer at St. Elizabeth Hospital, working at the information desk there.

He retired Jan. 31, 1971, from Granite City Steel with 44 years of service. He was employed as supervisor of the paint and carpenter shop at the local plant.

Survivors include his wife, Mrs. Anne (Kiesh) Pare; one son, Robert Pare and a daughter, Mrs. Richard P. (Betty J.) Duff, both of Granite City; two brothers, Julius Pare of Collinsville and Steve Pare of Belleville; a sister, Mrs. George (Mary) Stevens of Tucson, Ariz., and four grandchildren. A brother, Louis Pare, and a sister, Mrs. Rose Kozayk, preceded him in death.

Funeral arrangements are given in the obituary column.

## City honors Rev. Baugh

A framed citation recognizing his services as a former member and president of the Granite City Library Board was presented to the Rev. Roy L. Baugh during the regular meeting of the Granite City Council Monday night.

The presentation was made by Mayor Paul Schuler who noted the city's appreciation of Rev. Baugh's services on the Library Board and his church and civic activities.

In accepting the award, Rev. Baugh, who is pastor of Niedringhaus United Methodist Church, commented that "The only thing that can save this country is to try."

Rev. Baugh resigned his library board post earlier this year.

## Laclede Steel promotes Lane

Michael H. Lane has been appointed assistant controller of Laclede Steel Co.

He joined Laclede Steel in 1972 and was manager of the financial planning and analysis section of the Controller's Department prior to his promotion.

He will continue to report to W. S. Anderson Jr., vice president - finance, treasurer and secretary.

Lane is a native of the St. Louis area and a graduate of St. Louis University.

After joining Laclede Steel in 1972, he was a manager with Price Waterhouse and Co., certified public accounting firm.

His professional affiliations include the Missouri Society of Certified Public Accountants and the National Association of Accountants.

Lane and his family live in Kirkwood.

third of a mile away without affecting other signals in the area not directly involved.

The system uses an emitter mounted on the emergency vehicle, a detector mounted on or near the traffic signal and a phase selector installed in the traffic signal control cabinet.

As the emergency vehicle approaches, the emitter flashes a light message to the detector which receives the message and sends it to the phase selector which, in turn, identifies the message and forwards it to the signal controller which provides the approaching emergency vehicle with a green light.

As soon as the emergency vehicle has passed, the signal returns to its normal timing and its job of moving other traffic without interference with pre-timed controls or master controller operation.

Fire Chief Don Parente told the aldermen that the Opticom systems may be sold only to municipalities or other governmental units.

The equipment purchased Monday night will equip all emergency vehicles of the Fire Department and Police Department.

Since the system is installed by the city, a lease or fee system may be worked out for ambulance services wishing to use the system, Parente said.

Under the proposal accepted by the council, traffic signals at 16 Granite City intersections will be equipped with the Opticom devices.

These will include 20th and Madison, Niedringhaus and Madison, 22nd and Madison, 27th and Madison, Madison and Nameoki, Lindell and Nameoki, Manley and Nameoki, Pontoon and Nameoki, Johnson and Nameoki, Wabash, Nameoki and Victory, Nameoki and 25th, Nameoki and 23rd, 20th and Edwardsville, 20th and Edison, 18th and Cleveland and Nameoki and Johnson.

The aldermen Monday night also authorized the purchase of liquid chlorine to be used at the new secondary sewage treatment plant from Jones Chemicals, Inc., Crystal City, Mo., at a bid price of \$13.50 per hundredweight, or \$270 per ton, delivered by tanker truck.

That bid also was the only bid submitted for that purpose.

Council members accepted the bid after Robert Jackson, superintendent of the Granite City sewage treatment plant, told them that the Jones firm is the only company that provides delivery by tanker truck.

Other firms, he said, provide rail delivery only, and that since removal of railroad tracks in the Granite City Army Installation, where the treatment facilities are located, there is no way to receive delivery by rail.

The company offered the \$13.50 price at a firm price for 90 days.

night if the Police Department could "live with" the ordinance amendment. Veizer said the department could operate with that ordinance, but admitted "some problems" could be expected since cars owned by persons living outside the city and not required to pay the tax, could receive tickets on their parked cars.

He said it will be up to the motorists in such cases to prove they do not live in the city. Alderman Steve Basarich said, however, that "if I didn't live in the city and got a ticket like that I would just tear it up. I don't think it will cause much difficulty to anyone."

Alderman Clyde Boyd remarked, "As I understand this a car can be tagged if parked anywhere in the city. This can cause a lot of problems. I know I would be embarrassed if I went to Collinsville, parked my car and got a ticket. I would have to go to the police station to prove I didn't need a license. I think that this could be considerable trouble to visitors or out-of-town shoppers. I thought our original intent was to get local car owners to pay the wheel tax fee. I don't think this (amendment) does it."

Alderman Ronald Coleman said he believed that kind of trouble could be avoided by police checking licenses of cars found parked and not bearing a Granite City wheel tax sticker. Veizer, however, said that "We can get a license check in two minutes if the (state) computer is operating. But it usually is for emergency use only and I'm sure we would soon be cut off if we had a large number of license checks. Anyway, about 25 per cent of all numbers are not available."

Alderman Sam Whitmer said he did not believe the police requests should overload the computer. "The burden is on the police to enforce this (law). They can check the licenses if they want and I don't think it is going to run anybody out of town."

Alderman Earl Baker said, "I

## Arthur Wilkins found dead

Arthur Wilkins, 72, of St. Louis, was found without signs of life near Route 202 a half-mile north of Bend Road at 4:30 p.m. Tuesday and was pronounced dead on the scene by Madison County Deputy Coroner Randy Irwin at 5:10 p.m. Tuesday.

Mr. Wilkins used the parcel of land, where he was found, to

don't think this is the solution. This is a rigamarole that means nothing."

On a roll call vote Aldermen Boyd, Baker and Frank Greenwald voted against the amendment. Voting in favor were Aldermen Everett Morley, William Dallas, Whitmer, Coleman, Emerald Dawes, Paulus, Warren Decatur and Basarich. Absent at the time of the voting were Aldermen R. E. Robertson, Gerald Parmley and Walter Nomm.

## New Madison lunch policy

Only those students having a medical doctor's statement written to the school requesting that for health reasons a student should be allowed to go home for lunch, will a student be allowed to do so.

This policy was adopted at a special meeting of the Madison Board of Education Tuesday evening.

The board also held a hearing on a Madison High school student who is withdrawing from school to be placed in an alternative education program.

## 22 goals for schools given

A draft of a general statement of philosophy and 22 specific goals of the State Board of Education — outlining directions for education in Illinois — was sent during the weekend to every school district in Illinois, to superintendents of educational service regions, to Illinois colleges and universities and to larger educational organizations throughout the state.

The board is seeking comment on the broadly outlined goals before adopting a goals statement on Nov. 13.

State Board Member Adrienne Bailey, head of the Goals Committee, reports, "We selected the 22 goals as the highest priorities for first attention."

Goals outlined in the statement are grouped in three general categories:

1. **Learner Goals** — assisting efforts for reading and literacy, for bilingual-bicultural education, adult education, vocational education, career education and programs for exceptional students, studying educational alternatives, providing dropout-truancy guidelines, recognizing student rights and helping develop student responsibilities, working for health and safety of students.

2. **Enabling Goals** — taking action for adequate financing of schools, improved teacher education-certification and improved employer-employee relations, and assisting with school system desegregation.

3. **Service Goals** — establishing good board relationships and communications, improving coordination with local districts, simplifying reporting and communications systems, committing the state board to evaluation of programs, taking affirmative action in employment, and

helping schools with declining enrollment problems and district reorganization concerns.

The State Board of Education, a relatively new entity in Illinois education, was created by the 1970 Illinois Constitution and is charged with responsibility for public and private education in grades kindergarten through 12, including vocational education.

It began formal operation on Jan. 13, 1975. The proposed goals statement is a result of extensive consideration since that time by the board of the need of Illinois children and adults for education.

Beginning with a review of Action Goals for the Seventies, a previous program in which thousands of Illinois citizens expressed their desires and suggestions for education, the board also solicited evaluations from the Illinois Office of Education and discussed them at length.

Now the board is asking for further comments and suggestions from educators, local school board members, parents and citizens. A copy of the goals document is available at each school district.

Also, any person who wants a copy can receive one by writing to: Public Information, Illinois Office of Education, 100 North First Street, Springfield, Illinois, 62777. Comments on the goals may be sent to John Alford, assistant state superintendent for planning, at the same address and should be received by Oct. 17.

Notes Dr. Bailey, "The Goals Committee of the State Board is committed to re-analysis and possible reordering of the goals each year. Therefore, we invite suggestions for future statements throughout the year."

## Some tax bills in error

Due to an error in computer programming, some residents of the Mitchell area have reported receiving tax bills for the Wood River Levee and Drainage District.

That drainage district stops at the Hartford Canal and all areas south of that canal in the Mitchell area are in the Chouteau, Nameoki and Venice Levee District.

County Treasurer George Musso said anyone receiving the wrong tax bill for drainage should return the bill to his office with a note attached, explaining that they are in the Chouteau, Nameoki and Venice Levee District and requesting a correct tax bill.

Chouteau Township Supervisor Walter "Dick" Sparks, said most of the complaints he

has received for the wrong bills were in the area of Meadow Lane in the Thorngate Subdivision.

He requested taxpayers to follow Musso's suggestion, noting if they pay the bill for the Wood River district, the Chouteau, Nameoki and Venice district will have to work without that money until the problem can be corrected.

MAYOR PAUL SCHULER, center, signs a proclamation designating Sept. 29 to Oct. 5 as "Respect For Life Week" in the Quad-City area. Standing is Mrs. Sharon Loftus and Mrs. Vickie Jacobs, publicity chairman and president, respectively, of the local Right to Life organization.

### Area PTA Council meets tonight

The first meeting of the Granite City Area PTA Council for 1975-76 will be at 7:30 tonight at the Johnson School, preceded by a potluck dinner at 6:30. Mrs. Dorothy Phelps, president, announced.

Plans for the opening session were completed at a board meeting, conducted by Mrs. Phelps, who said this year's theme will be "People Taking Action."

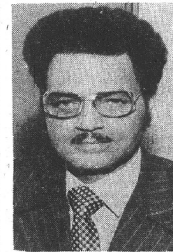

Dale Rea, assistant to the Granite City superintendent of schools, will be present tonight and answer questions relating to the Board of Education and school district.

Mrs. Phelps also said the Granite City Council will host the Illinois Congress of Parents and Teachers' District 29 fall conference, set for Nov. 6 at the Round Table Restaurant, Collinsville, centered around the theme "PTA-Who Needs It?"

The council's annual awards banquet is scheduled for Feb. 19, she said. Also discussed by the board were drug and alcohol abuse by minors, immorality on television, violence on children's television programs, health-smoking, child abuse, school safety and security, legislation, cultural arts and educational television.

Other council officers for 1975-76 are: Mrs. Mary Lou Hudson, vice-president; Mrs. Virginia Apperson, recording secretary; Mrs. Julie Gates, corresponding secretary; and Mrs. Dorothy Baker, treasurer.

Committee chairmen are: Cultural arts, Mrs. Carolyn Thornburg; exceptional child, Mrs. Maude Chilton; hospitality, Mrs. Carol Grimm and Mrs. Barb Haddock; juvenile protection, Mrs. Charlene Pohman; legislation, Mrs. Janet Wilson; membership, Mrs. Sadie Bringer; program, Mrs. Mary Lou Hudson; publicity, Miss Pearl Madison; and school education, Art Menendez.

### Secretaries plan state convention

The first meeting of the Granite City Association of Educational Secretaries was held Monday at Wilson School, hosted by Dorothy Luckert, Betty Williams, Ethel Weiss, Vivian Hillen, Gladys Wallace and Frieda Andrews.

Mrs. Dick Kinder, a lecturer for Weight Watchers, presented the program.

Members attending were Martha Rochester, Catherine Wittevrangel, Annette Landman, Barbara Larner, Lucille Caban, Grace Hoffmann, Helen Toncoff, Fern Hahn, Arlene Haldeman, Shirley Brown, Delores Yates, Jessie Hoedebecke, Aileen Smith, Nancy Rosales, Lee Guntner, Arlene Smith, Alice Campbell, Wanda Page, Lucy Stucke, Dolores Mount and Juanita Craycraft.

The Granite City Chapter will host the state convention this spring at Stouffer's Riverfront Inn April 24-25. Mrs. Catherine Wittevrangel is the state president.

**BRIARMOOR BURGLARY**  
The front door was pried open the home of Carolyn Burris, 153 Briarwood Lane, and a television and \$226 cash were stolen. It was reported at 10:10 p.m. Tuesday. Both bedrooms of the home were ransacked.

### Mount Nebo marks 76 years

Mount Nebo Missionary Baptist Church, 80 Jefferson St., Madison, will begin its celebration of the church's 76th year with a fellowship banquet at 5 p.m., Sunday at the Venice Recreation Center, according to the Rev. Jerome Jackson, pastor.

Marion Officer, president of the Officer's Funeral Home, East St. Louis, will serve as toastmaster. The Rev. Rufus Starks, also of East St. Louis, will be guest speaker.

The Rev. Jackson said special programs for the congregation are planned from Oct. 1 to Oct. 5, beginning each evening at 7:30 in a continuing observance of the anniversary.

## Adams given Scottish Rite's highest degree

The 33rd degree of Scottish Rite Freemasonry was conferred Wednesday afternoon upon Donald G. Adams, of Granite City, Dean E. Kamper of Belleville and Cecil J. Bond of Benton. All are members of the Southern Illinois Scottish Rite Bodies headquartered in Belleville.

The degree, an honorary degree and the highest conferred in Scottish Rite Freemasonry, is awarded for service to Freemasonry or humanity or both.

The degree was conferred in Boston, Mass., at the annual meeting of the Supreme Council.

George Newbury, sovereign grand commander, Lexington, Mass., officiated. Assisting him was George E. Buirow of Danville, Ill., the deputy of all Scottish Rite Masons in Illinois.

The delegation from Southern Illinois included 16 men and their wives and was led by Wyatt Rawlings of Lebanon, the commander-in-chief.

Adams is President of the Granite City Glass Co. and is co-owner of the Dempsey-Adams Auto Body Shop in Granite City. He was ticket chairman for the 1975 Ainsd Shrine Circus.

He is presently an officer in the St. Clair Lodge of Perfection and is director of Ainsd Shrine Temple, a position in the

DONALD G. ADAMS

Temple's Divan of officers. He also chairman of the Ainsd Shrine House Committee and a member of the Scottish Rite House Committee.

Kampert is president of the First National Bank of Belleville. He is presently an officer in the Mississippi Valley Consistory.

Bond is a retired roofing salesman and contractor. He is past president of the Franklin County Shrine Club and an active worker for the Scottish Rite.

## Signs, alters bill to restrict urbanization

Gov. Daniel Walker on Tuesday announced the exercise of his amendatory veto power to "improve legislation that would conserve and protect farm land from scattered urban development."

The legislation (House Bill

1888) creates the Agricultural Areas Conservation and Protection Act to provide for the establishment of protected "agricultural areas" of 500 acres or more of land.

The agricultural areas would be designated after public hearings.

Public agencies cannot exercise powers of eminent domain without giving the state board created by the act an opportunity to hold hearings and propose alternatives, he said. Neither could local governments impose regulations on agricultural land to unreasonably restrict farm use unless they bear on public health or safety.

## RSVP program one of 600

The Retired Senior Volunteer Program (RSVP) operated in the Quad Cities in cooperation with Belleville Area College is one of 600 such programs in the United States.

James Finsterman, field representative for RSVP, Mrs. Norma Mendoza, field supervisor at the local YMCA, were guests at the Wednesday noon meeting of the Madison Venice Rotary Club in the Madison Recreation Center.

They showed a film which explained the many services being performed throughout the country by members of the program, and how it helps both the senior citizens and the community as a whole.

President Ray Edwards announced the United Way committee includes Wayne Scannell, chairman; Jack Lee, Thomas Fields, Henry Baucum, William Griggs, John Janco III, Leo Schermer and Frank Kierski, all team captains.

Scannell called a meeting for Monday at 6:30 p.m. at his store, 408 Madison Ave., to organize for the campaign.

James Comer, project director of the teacher training program in Madison, and Duane George, manager of the McKinley Bridge, were inducted as new members.

The birthdays of William Griggs and John Janco III were celebrated by the club.

## TAKE CEMENT MIXER

A portable cement mixing unit, valued at \$2,070, was stolen from a construction site at Nameoki Road and Lindell Boulevard, it was reported at 9:25 a.m. Wednesday. The unit, owned by George Slay Brick Contractor, 1415 Niedringhaus Ave., is orange and is on wheels.

## 3-quart milk cartons okayed

Gov. Daniel Walker on Wednesday signed legislation permitting sale of milk in three-quart paperboard containers.

The three-quart container uses less paper per quart than any other existing paperboard containers, dairy industry representatives have said.

"The containers are designed to fit easily into the side shelves of refrigerators that cannot accommodate the bulkier one-gallon milk containers," the governor said.

"Illinois is the 28th state to permit sale of milk in three-quart paperboard containers."

## Apartment fire

Fire caused considerable damage to the apartment of Dennis McCauley, 4052 Kathy Drive, Apt. 3, Pontoon Beach, Wednesday.

Long Lake volunteer firemen were called to the scene about 8:45 a.m. Wednesday and found the fire had started around a hot water heater and had climbed up the wall. Items stored near the water heater were believed to have caught on fire, starting the blaze.

Firemen were called to the apartment about 9 a.m. when a wall support was observed to be smoking.

## Steeler band competes Saturday

"The Marching Band from Steeler Land" will compete Saturday in the Fifth Illinois Marching Band Festival at Zupke Field Memorial Stadium shown and Band Contest at the University of Illinois.

Among the 47 bands gathered there from throughout Illinois, a total of 17 bands will compete in the Class AA division, including the Granite City High School North Marching Band.

Ninety-nine members of the

steeler band and auxiliaries of the pom-pom squad and majorettes will perform at 4:30 p.m. Saturday, according to Robert D. Todoroff, director. The contest is highly competitive and will feature some of the finest marching bands within the state, the music educator said. Each will perform a seven-to-nine-minute presentation, displaying a wide variety and style of shows.

The North High Steeler Band specializes in "exhibition

songs and rhythms, drawn by the director from his extensive background experience in the field of Latin-American music to create a diverse and entertaining musical score.

A total of 23 sequential evolutions of geometric patterns incorporated in the Steeler Band's 7½-minute performance is considered to be a "high degree of difficulty" show, the band director explained.

Entitled "A Latin-American Review," their presentation contains excerpts from a wide selection of Latin-American

members of the North High Band Parents Association will accompany the band to Champaign-Urbana for the contest.

Saturday's event will mark the Steeler's first effort in marching band competition

## Lecture Sunday at Holy Trinity

Professor Jack Shaheen from Southern Illinois University at Edwardsville, will deliver a lecture at 12:30 p.m. Sunday at Holy Trinity Bulgarian Orthodox Church, 1300 Grand Ave., Madison, according to the Rev. Peter Stamboldjiev, pastor.

Professor Shaheen has been on sabbatical leave in Lebanon

and will speak on the Middle Eastern countries, the host pastor announced. A luncheon will be served at the church following the morning worship services and preceding the lecture. The public is invited.

## Emergency services and disaster agency

Gov. Daniel Walker this week signed House Bill 1109, establishing an Emergency Services and Disaster Agency to replace the State Civil Defense Agency.

The bill is patterned after the Model Disaster Assistance Act of the Council on State Governments. Similar laws, based on the council's model, have been passed in 17 other states.

The legislation gives the state agency greater flexibility for cooperation with other states and among local and county

governments, including the power to establish mutual aid pacts, he said. It is designed to meet present emergency assistance needs and priorities rather than those of the 1960s, when the act was created as a protection against foreign threats.

The bill defines "disaster" for the first time and allows the governor to declare state disaster emergencies so the state's total resources can be mobilized.

In the past, state declaration of emergencies could only be

declared to grant disaster areas property tax relief, it was noted. The Illinois Civil Defense Council, an organization of local civil defense directors and volunteers, was a supporter of the legislation to upgrade the state program.

Following the Council's model bill, House Bill 1109 defines emergency powers of the governor, when a disaster strikes or lives are threatened. Included are powers to designate routes and transportation for evacuations, make provisions for temporary

emergency housing, suspend provisions of regulatory statutes relating to operation of state agencies if following those rules would hinder or delay coping with the emergency, and suspend the sale of firearms, explosives, combustibles and alcoholic beverages during an emergency.

The model act is now law in Arkansas, Colorado, Florida, Georgia, Idaho, Indiana, Kansas, Kentucky, Louisiana, Maryland, Nebraska, North Carolina, North Dakota,

### 3 enroll in college of pharmacy

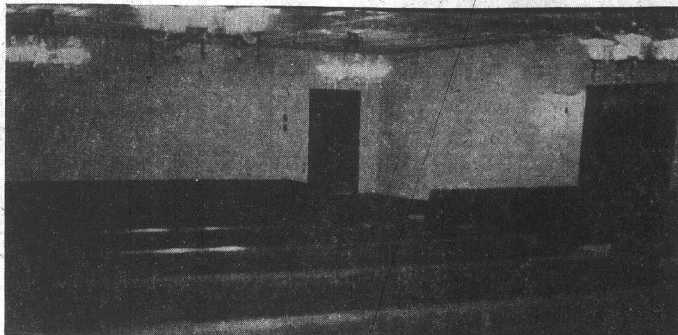

A capacity enrollment of 718 students has registered at the St. Louis College of Pharmacy for the fall semester, according to President Charles C. Rabe.

Among those enrolling as freshmen in the five-year course, which leads to the degree of bachelor of science in pharmacy, are:

Carol A. Makarewicz, daughter of Mr. and Mrs. Edward Makarewicz, 3338 Colgate Place, Granite City, a June graduate of Granite City High School South; Phyllis A. Guenther, daughter of Mr. and Mrs. Raymond J. Guenther, 2035 Indiana Ave., Granite City, a June graduate of South; and James F. DeCourcy, son of Mr. and Mrs. John F. DeCourcy Jr., 275 Iowa St., Granite City, also a 1975 graduate of South High.

The enrollment is 65 per cent over 10 years ago. The number of women at the college represents 29 per cent of the total; ten years ago, they comprised seven per cent of the enrollment.

The St. Louis College of Pharmacy, founded in 1861, is an independent institution and is the only college of pharmacy within a radius of 250 miles. The four-acre campus is located at Euclid Avenue and Parkway Place in the west end medical area of the city.

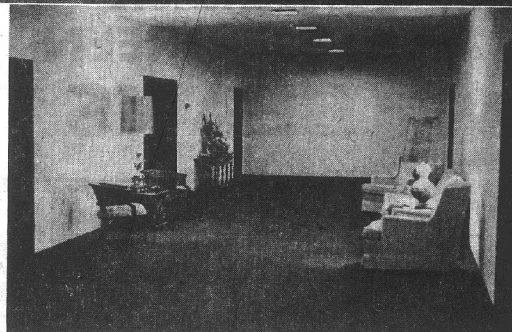

**BOB THOMAS MEMORIAL MORTUARY** is now open at Pontoon Road and Franklin Avenue. Pews which will seat 120 people in the chapel are in place (top photo). The lobby and three large state rooms also are completed. The former Maryland Bi-Rite Market building was remodeled throughout in a Mediterranean decor.

#### CAR, CLOTHES TAKEN

The light green 1969 Chevrolet El Camino vehicle of Joe Glass, Collinsville, was stolen from behind Rico's II Lounge on Nameski Road, it was reported at 11:45 p.m. Wednesday. Inside the vehicle were three jackets worth a total of \$280, the victim said.

## Now you can make a Long Distance call to any other state in the United States for less than you'd pay for an ice cream cone.

If you've eaten any ice cream cones lately, you know it's pretty hard to get one for less than a quarter. Yet for only 22¢ or less you can make a Long Distance call to any other state in the United States (except Alaska and Hawaii) with our new one-minute weekend rate. That's 22¢ or less for the first minute. 16¢ or less for each additional minute. And all you have to do is dial direct and call on the weekend before 5 p.m. Sunday.

Look at it this way.

Isn't a Long Distance phone call to your family or friends worth the price of an ice cream cone?

### St. John wins 4-0 in soccer

"St. John High School is an aggressive ballclub and fields an excellent defense," commented Steeler soccer mentor Bob Kehow after his GCHS North team bowed 4-0 to St. John yesterday in a non-scheduled contest at St. Louis.

St. John turned four of its 15 shots on goal into points, two in each half of play, while limiting North to just four shots on goal. One of North's shots nearly scored in the first half when Perry Hartwick took the ball as it sailed across the mouth of the goal and powered it toward the goalkeeper. The goalie made a diving save, punching the ball away.

Steeler goalkeeper Rick Demaree was credited with preventing seven enemy shots from entering the net.

### BAC soccer here Monday

Four former Granite City High School soccer standouts will head Belleville Area College's offensive attack here Monday when the Dutchmen plays the first of two 1975 college games here.

BAC will meet Principia College at the GCHS North field at 4 p.m. Monday, and then play Forest Park Junior College on Saturday, Oct. 4, at 11 a.m. at the GCHS South field.

The four — Bobby Galvan, Dennis Jones, Larry Petri, and John Harding — all sophomores, were named to an Illinois all-state team last year after helping the first-year Dutchman squad to a 9-2-2 season record, which included the Region Four championship, a North Central inter-regional title, third place in the Forest Park invitational, and seventh in the nation in National Junior College Athletic Association finals.

Last season, BAC defeated Principia 4-2 and lost to Forest Park, 4-1.

### Fedora medalist

Warrior golfer Jay Fedora was medalist of the day at the Arlington Heights Golf Course yesterday with a three-over-par 39 on the front nine holes, but visiting Collinsville edged GCHS South, 220-228.

"He played an excellent game," comments South mentor Harry Lane, "considering there was a strong wind at the time."

Other Warrior scorers were: Kevin Worster 44, Al Collins 48, and Don Elmore and Jim Cedar, each 49.

### Youth flees after burglary

Pontoon Beach police on routine patrol at 5:59 a.m. Thursday saw a "very small" young man run around the end of the Clark Service Station, Highways 111 and 102, and attempted to apprehend him, but he eluded officers.

Police found a window on the south side of the station had been broken and five quarts of soft drinks and seven quarts of oil had been taken.

Four quarts of soft drinks were recovered near the station.

The Madison County Sheriff's Department was called and dispatched three cars to help search for the burglar, but the search was unsuccessful.

The officer who first saw the boy said he had long brown hair and was wearing blue denim pants.

### Committee on GOP candidates

The Candidates Committee for the Madison County Republican Central Committee has been appointed by County Chairman Charles O'Neil.

The committee members are Karl Deterding, chairman, and Robert Walters, Udell Wehling, Robert Hohn, Tomi Dimmic, Harriet Mulqueeny and Dorothy Raymond.

Duties of this committee are to interview and secure candidates for the following county offices: circuit clerk, recorder of deeds, state's attorney, coroner and auditor.

Anyone wishing to be a Republican candidate for any of these offices may contact any of the following:

County Chairman Charles O'Neil, 656-0275; Karl Deterding, 465-7253; or Dorothy Raymond, 465-6594.

### Billich victory

Granite City's Billich Tavern men's softball team, a member of the Bethalto Winter League, defeated the East Alton Exterminators 12-5 yesterday at Alton.

Jerry Wallace was the winning hurler, and four Granite Cityans assisted in the victory. Mike Ivie collected three hits, Ron Keith had three hits and 3 runs batted in, Junior Mathis had two hits, a homer and 4 RBIs, and Bruce Kass drove in two runs with a home run.

### GUN, TOOLS TAKEN

An antique 16-gauge shotgun with a 36 inch barrel, valued at about \$200, and a tool box containing tools worth about \$200 were stolen from the apartment of Glenn Hulsey, 2929 Gaslight Walk, Apt. 2, Pontoon Beach, it was reported at 8:50 p.m. Tuesday. Hulsey said he had been away from home about 24 hours and discovered, upon returning, that the rear kitchen door had been forced open.

**FOUNDATION NIGHT GUESTS.** Miss Lucy Rhinehart, SIU-Bellevue special education teacher, left, and Mrs. Margaret Blackshere, member, SIU Board of Trustees, center, are greeted by Mrs. Valerie Stevens, program chairman, at the Granite City Business and Professional Women's dinner. Miss Rhinehart teaches music to multiple handicapped and retarded children.

#### Music services at Glenview Assembly

Dave Vibbert will present "Christ in Song and Sermon" in both morning and evening services Sunday at the Glenview Assembly of God Church, Maryville Road and Wilson Avenue, according to the pastor, the Rev. M. W. Wilson. Gospel music has always been a part of Dave Vibbert's life. He grew up singing in his father's church, Calvary Temple, Evansville, Ind. which has an over-1,000-member Sunday School, Rev. Wilson said.

Vibbert has shared the concert stage with The Blackwood Brothers, The Happy Goodman Family, The Stamps Quartet, The Singing Spear Family, The Singing Ram-

bos... and others. He is producer of his family's television program, now in its fifth season, and Gospel music is a strong part of its production.

Vibbert now is in his 11th year of singing, recording and producing Gospel music on his own label (Daystar).

#### SEGREGATION RULING

## More understanding, less criticism of teens urged

By VALERIE EVENEDEN

**Press-Record Staff Writer**  
Teachers and parents should be more understanding of teenagers today, more tolerant of their attitude toward "growing up" and assuming responsibility after all they are very little different now than in other years, Miss Lucy Rhinehart told the Granite City Business and Professional Women at their dinner meeting last week.

"The prime requisite for being a good school teacher is being shockproof. We should update teacher training, perhaps to the point we say that no one gets a bachelor degree without one year around the United States," Miss Rhinehart said.

"We have teachers in Illinois who have never crossed the bridge into St. Louis. How can they know what's really going on," she added.

A special education teacher for District 118, Belleville, and Southern Illinois University, the guest speaker condemned teachers who "live by the clock, who call a child atrocious because of certain actions and who can talk only about second grade reading, even on a vacation in Jamaica."

"I am flexible and inclined to defend teenagers," Miss Rhinehart said. She described her own post high school years when, instead of taking a "proper" job, she joined an all-girl band in Niagara Falls, N. Y., and toured the country. Although she now plays 36 different musical instruments, the speaker commented, "I couldn't sing and my mother wept because I was the one family member who had no musical ability."

After a highly successful career in music, Miss Rhinehart told of "settling down to seriously study for a better education," which led her to pioneering experiments at SIU with music for handicapped children.

She devotes her time to teaching multiple physically handicapped and mentally retarded youngsters.

"I use music to build self confidence," Miss Rhinehart said.

"You'd see how this can work if you had a 13-year-old boy always sitting in the corner of a room with a sweater over his head, who eventually goes to a district music contest and is rated on his ability along with all the other children."

"Then you would understand what I am saying about music. Through music, through show business, I have given something to them."

"I believe a great teacher teaches with empathy. But for heaven's sake, let's do it with a sense of humor," the speaker said.

"People ask how come there is so much laughter in my classroom where there

are a dozen or so terribly handicapped children. It is because I give them so much fun and we learn."

"I sing to them and they learn to spell. They poke fun at me and call me names, but who else do they have to make fun of," Miss Rhinehart said.

Many of Miss Rhinehart's pupils have progressed to receive high ratings at music contests without the audience being aware the child is mentally handicapped, she noted. The guest speaker was introduced by Mrs. Valerie Stevens, BPW Foundation chairman and vocal music director for the Madison School

District. Mrs. Stevens, a personal friend of Miss Rhinehart, was among a group of teachers taking part in a "teaching the handicapped" course instructed by the guest.

Mrs. Margaret Blackshere, the only woman member of the Southern Illinois University Board of Trustees, also was a guest and briefly addressed the assembly.

Mrs. Rosemary Basenden, president, welcomed 70 members and guests at the dinner, held at Charlie's Restaurant, and presided at the business session.

An induction ceremony was conducted by Mrs. Barbara

Hodges, membership chairman, for Mrs. Elsie Elmore and Mrs. Sharon Goodwin, who were presented long-stemmed red carnations and club gift packets.

Membership petitions from four candidates were introduced by Mrs. Hodges and accepted by the club. They were submitted by Mickey L. Fritz, Lucille Pierce and June Fritz, all sponsored by Mrs. Kathryn Smithson, and Rosalie Stern, sponsored by Mrs. Lil Marulif.

Mrs. Smithson will be the first local BPW member to receive the new Bicentennial year "Liberty Bell" award for enrolling three new members, the chairman announced.

Close to \$2,100 in pledges was raised by Granite City BPW members in a subscription telethon for KETC Channel 9, the St. Louis public broadcasting station, during August.

Mrs. Shirley Adams, publicity chairman, announced.

Total amount secured by local

business women for the non-commercial station in the past two years now approaches \$8,000, she added. Taking part in the last telethon were Mrs. Adams, Rosalie Portell, Edna Kohlbrecher, Mary Batson, Helen Christich, Pauline Weir, Sylvia Wright, Marionrose Lambert and Mrs. Basenden.

Mrs. LaVelle Stephens, Young Careerist chairman, said a \$50 bond will be given to the next Young Careerist winner from proceeds raised in a special activity.

She also reported a Personal Development series is planned for club members, with Mrs. Lois Wetton, winner of the Illinois state "Speak Off" contest assisting in the program.

The deadline is Oct. 6 for reservations to attend the Oct. 12 District 14 fall meeting at the

Ramada Inn, St. Clair Square in Fairview Heights. Mrs. Judith McCann, secretary, announced. Mrs. Ruth Walk reported plans for a Christmas party on Dec. 17 at Charlie's Restaurant, and asked those planning to attend to register in October.

At the Oct. 15 dinner meeting, Mrs. Catherine Burton, president of the Illinois Federation of Business and Professional Women's Clubs, will be a special guest, Mrs. Edna Kohlbrecher, legislation chairman, announced. The program will be devoted to legislative issues.

Also attending last week's dinner were Mrs. Jane Sheppard, president, Dee Gooch, treasurer and Edna Porter, corresponding secretary, all from the Edwardsville BPW Club, and Mrs. Helen Montgomery of East St. Louis.

## You pay less than 1/20 as much for "Masterpiece Theatre" as you do for "Kojak."

Television isn't free. You pay for all the television you receive through the increased costs of the products you buy. That is, except for non-commercial television, which you pay for directly through membership contributions.

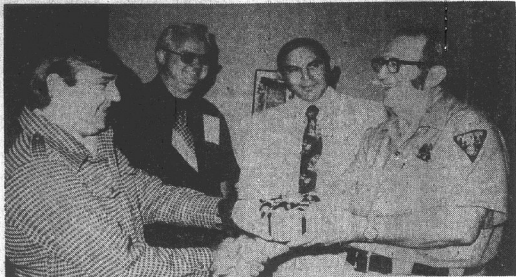

Last year, in the U.S. the per capita expenditure for commercial television was \$16.71. The per capita expenditure for non-commercial television was 88¢.

But for public television to continue to bring your community fine drama, music, public affairs, education and children's programming, it needs the support of all its viewers.

**SURPRISE PARTY.** Roy J. Hill Jr., right, was given a surprise retirement party Wednesday noon at the Madison Firemen's hall. Hill has worked for the city of Madison 33 1/2 years, 25 years on the Chain of Rocks Bridge, and the last eight and a half years as chief desk clerk of the Madison Police department. ## Madison delays action on vacating alleyway

Nick D. Vasileff, Madison attorney representing the Illinois Pacific Coast Transportation Co., requested the Madison City Council Tuesday night to vacate the alley in the 1600 block between Second and Market streets and to permit the company to erect a fence around the company's property.

The action, if approved, would eliminate the sidewalk on Market Street.

Vasileff maintained the trucking company over the past few years has suffered an estimated \$40,000 loss in theft and vandalism.

He said residents in the homes of Second Street where the fence would affect the alleyway, were in favor of the fence.

It was reported that since people cut through the alley and the vacant lot on Market Street, the residents would feel safer with the fence.

The trucking company will pay for the fence and maintain it, furnishing keys to police, street and fire departments, the council was told.

After a discussion on the matter, the council referred the request to the Planning and Zoning Board for a hearing and recommendation.

The hearing date was set for Oct. 21.

Vasileff said a section of fence would be built along each side of

the alley between Market and Second, and another section along part of Market Street.

A petition signed by 31 residents of the 1600 blocks of Market and Second streets was presented during the discussion.

At one point Mayor Mike Sasyk criticized Vasileff for trying to "exert a premature influence" on the Planning and Zoning Board by seeking support of the alderman for adoption of an ordinance which Vasileff had prepared for council action Tuesday night.

Third Ward Alderman Ronald Grzywacz said, "Five people from different wards have talked to me about trouble at the high school which they claim school officials are not coping with. The citizens claim they are sending their children for an education and instead they get beat up. I am wondering if we as a city council can do anything to help the board of education with more security guards."

Mayor Sasyk replied, "I do know they have expelled four students recently and according to John Palchiff (superintendent of schools) the board is planning to hire additional security guards. We as a council are limited as to the school problems, as we have no authority over the schools."

## Carter new GC Steel director of purchasing

Joseph K. Carter has been appointed director of purchasing for the Granite City Steel Division of National Steel Corp., it was announced today.

He succeeds Wilbert R. Bothe, who has been appointed as director of purchases for National Steel, a new position.

Carter began his career with National Steel in the purchasing department of the Weirton Steel Division in 1957 and is presently a buyer for Weirton Steel. He is 40 years old and a graduate of Marshall University, Huntington, W. Va.

George A. Stinson, chairman and president of National Steel, said today that continuing escalating materials prices were a prime factor in the decision to establish a corporate director of purchases position.

Bothe, director of purchasing for the Granite City Steel Division since 1972, will report

to R. E. Thompson, group vice president.

He will be responsible for the establishment of corporate purchasing policy and will coordinate division purchasing efforts to achieve maximum economies. Bothe also will serve as chairman of a special task force to review all purchasing practices and procedures.

Bothe began his career with National Steel at its Weirton Steel Division in 1959. In 1969, he transferred to the Granite City Aluminum Division to become director of purchasing.

A native of Steubenville, O., Bothe attended Miami University in Ohio and the University of Pittsburgh. He was active in the U.S. Civil Area Chamber of Commerce.

He will make his office at the National Steel headquarters in the Grant Building, Pittsburgh.

## Conservation exhibit Saturday at Lee Park

In recognition of National Hunting and Fishing Day, the West Madison Rod and Gun Club will sponsor a special program of conservation exhibits, outdoor recreation displays, bow and arrow hunting, reloading, casting and other outdoor demonstrations Saturday.

The day-long event will be at Lee Park in Venice. Visitors will be shown how they can work to save America's natural resources. Admission is free.

The theme of this year's program will be "The Sportsman and Conservation," emphasizing the many ways in which hunters and fishermen have contributed to conservation since the turn of the century.

The fourth annual observance of National Hunting and Fishing Day is actively supported by over 40 national conservation organizations, including the National Wildlife Federation, Wildlife Management Institute and the Izaak Walton League.

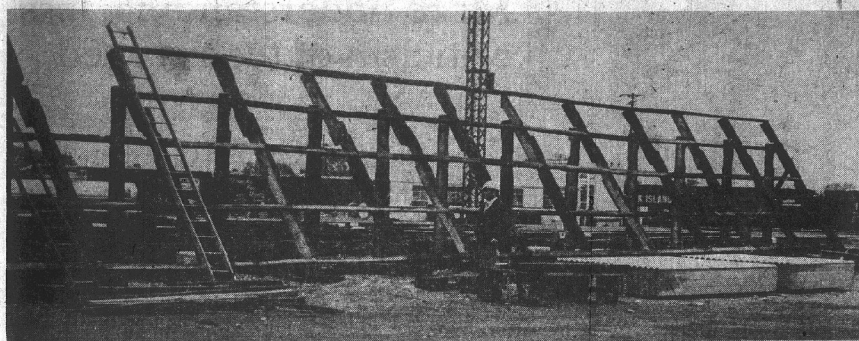

Last year, some 14 million Americans attended NHP Day celebrations sponsored by over 3,000 sportsmen's clubs and conservation groups in all 50 states.

**5 return from New Orleans event**

Five State Farm Insurance Agents from Granite City have returned from a three-day convention in New Orleans, La.

Those attending were Harry Thebeau and Tom Thebeau, 2534 Madison Ave.; Joe Hassler, 3723 Nameoki Road; Mike Tondas, 1801 Pontoon Road, and Gerald Thebeau, 2126 Pontoon Road.

State Farm President Edward B. Riss delivered the keynote address and convention highlights included a President's Club luncheon and a buffet supper for leasing agents. Agents and their wives also attended a convention banquet.

**EXPERIMENTAL SOUND BARRIERS UNDER CONSTRUCTION.** The Terminal Railroad Association has begun construction of experimental sound barriers in its Madison computerized switching yard. The barriers, if successful, will reflect a major portion of the "screeching" noise caused in the switching to be reflected away from the residential area

of Venice near the Madison yard. The TRRA Madison yard is one of the largest railroad yards of its kind in the United States, with 82 sets of tracks which include 40 separate classification tracks. C. R. Perkins, assistant chief engineer for TRRA, is shown inspecting the project Monday afternoon. (Press-Record Photo)

Card of Thanks 32

**IN LOVING MEMORY OF JAMES LEE (PEPPER) ELMORE**, Sept. 27, 1969. Sadly missed by Mother, Mrs. Ernest Elmore, Sisters, Evelyn, Millie, Ruth and families and all who loved him. 32 9 25

**FOR BRUCE WYATT**, Dear Son, Brother and Friend, We miss you. Perhaps you paid a visit, or said a silent prayer. Perhaps you sent a beautiful flower. If so, we saw them there. Perhaps you brought a donation, or food or had a mass said. Perhaps you rendered a service unseen. Perhaps you sent or spoke kind words as any friend could say. Perhaps you were not there at all, just thought of you that day. Whatever you did to console our hearts, we thank you so much whatever that was. Special thanks to Father Newman and Thomas Mortuary for their services. Barbara Wyatt, Beth Wyatt, Mary & Virgil, 32 9 25

The family of RICK HARPER wish to express our thanks to friends and relatives for the kind expressions of sympathy, floral offerings and food. We wish to send special thanks to Rev. Milton Haas, Millstadt, was elected president of the Great Lakes Shrine Drum and Bugle Corps Association during the weekend in Springfield. The association is composed of 22 temples of the Midwest and is one of the largest groups of the 180 temples in Shrinism. The term is for one year.

Haas, a Monsanto employee, is a 10-year veteran of the Ainal Temple Drum and Bugle Corps, and has served as secretary of the local Corps for eight years. The Ainal Unit has been champion of the Imperial as well as the Great Lakes, and is one of the best known units of

Ainal, traveling many miles each year in its exhibitions. The Drum Corps was one of 20 units of Ainal at Springfield over the weekend as the Great Lakes Shrine Association held its annual meeting. Led by Potentate William R. Popkess, the Divan and units paraded in front of the grounds and Saturday night at the State Fair Grounds to wind up the three-day meeting.

Hotels were filled as far away at Peoria and Decatur with a large turnout of Shriners for the event.

## Homecoming plans at South

The Granite City High School South Homecoming week, Monday, Sept. 29, through Friday, Oct. 3, will feature special school activities. The week will begin with a gigantic bonfire in Wilson Park at 8 p.m. Monday. Color day is Tuesday, when all students will dress in red and black, the school colors. In addition, special decorations will be placed about the school. The annual homecoming play

this year is "Bloomer Girl," which will be presented at 8 p.m. on Wednesday and Thursday, Oct. 1 and 2, in the school auditorium. The crowning of the Homecoming Queen will take place following the play. The final day, Friday, will begin with a soccer pep rally at 7:45 a.m. and school will be dismissed at 2 p.m. for the Homecoming parade. At 8 p.m. Friday the South Warriors will meet the Edwardsville Tigers on the football field. A dance in the school cafeteria will be held from 10 p.m. until midnight.

## Rockome Gardens bus tour Oct. 12

The Granite City Park District will sponsor a trip through the Amish country on Sunday, Oct. 12. A bus will leave the Wilson Park ice rink at 7:30 a.m. and arrive at the Rockome Gardens about 10 a.m. Cost of the excursion, including roundtrip bus transportation and meal, is \$15 per person. Reservations will be taken in person at the Wilson Park office on a first-come, first-serve basis. A limit of 45 persons has been set.

The group will tour the Rockome Gardens, which features a livery stable, tree house, basket shop, bottle houses, antique museum, lookout tower, mission garden area, log cabin, plus a deer park, popcorn shop, Indian trading post, train and buggy rides, other interesting shops and outstanding rock formations and formal gardens. A luncheon will be served the local excursionists at the Dutch Kitchen Restaurant on Main Street in Argola, where a specialty is Illinois Dutch Shoofly pie. A bus tour of the Amish countryside will follow the meal.

MELVIN BRADSHAW

### M. W. Bradshaw new Prudential sales manager

Melvin W. Bradshaw, Collinsville, has been promoted to sales manager in Prudential's Granite City district agency, Nameoki Village Shopping Center. He formerly was an agent in the district.

District Agency Manager Earl J. Wendell said that Bradshaw joined Prudential in Belleville in May, 1965. He was transferred to the Granite City district in October, 1968. He was reared and educated in Collinsville.

Bradshaw is a charter member and former officer of the Society for Preservation and Encouragement of Barbershop Quartet Singing in America which placed first in the 1973 St. Louis regional competition. That same year, the group was among the top ten in the SPEBSQSA's Illinois District.

Bradshaw and his wife, the former Georgia Powell of Collinsville, are both active in "The Masquers," an amateur theatrical group. In addition, Bradshaw has just completed a term as president of the Community Civic Ballet, which he helped to organize.

The Bradshaws are the parents of three daughters, Ann Marie, Wendy, and Lynette.

### Pleads guilty in shooting

Larry D. Finley, 21, of the 2800 block of Wayne Ave., has pleaded guilty to aggravated battery and reckless conduct in St. Clair Circuit Court and is to be sentenced Oct. 3 by Circuit Judge Robert Gagen.

Finley and other men allegedly had an argument in the Lupan Lounge on U.S. Route 50 west of Trenton March 17, which led to a shotgun being fired.

Frederick Wagner, 18, and Michael Ellis, 18, both of O'Fallon, allegedly were struck. Finley was arrested near the tavern minutes after the shooting.

## Bloomer Girl plays at GCHS South Oct. 1-2

The play "Bloomer Girl" will be presented in the auditorium of Granite City High School South at 8 p.m. Wednesday and Thursday, Oct. 1 and 2. The annual homecoming play is under the direction of Richard King, with Terry Waffler directing the orchestra and Mrs. Marian Bright as vocal director.

Tickets are on sale for \$1.50 for students and \$2 for adults and may be purchased in the school cafeteria between 10:30 and 1:30 p.m.

### Ainad Compacts win first place

The Ainad Compacts of Granite City captured a first place in the drill competition and received a second place award in the obstacle course at the annual convention of the Great Lakes Association of Shrine Motor Corps (GLASMC) held during the weekend at Springfield, Ill.

Compact riders Al Woodard and Jerry Adams competed with Shriners from several states in the precision motor cycle riding. The Compacts are classified in the Bantam weight class.

The Ainad Compacts which became a Shrine Unit in 1965 is under the leadership of Wendell Gintz, president; John Helton, vice-president; Virgil Durway, treasurer; Kelly Hogan, secretary, and Vernon Clutts, captain.

The play is based on the trials and troubles of Dolly Bloomer, an actual historical figure who was in the vanguard of the women's liberation movement. She contended that hoopskirts in 1861 were an impractical costume and for her championing of bloomers, she underwent many humiliations.

The cast will include Kim Malcor as Octavia, Cindy Smith as Delia, Cindy Thomas as Lydia, Lori Winters as Julia Anita Landman as Phoebe, Diane Parsaghalan and Becky Vartan as Serena; Leslie Houser as Daisy, Alela Kovach as Evalina, Larry Burns as Horatio, Brian Beljanski as Gus, Alan Schuler as Ebenezer Mimms, Kevin Harmon as Wilfred Thrush, Rich Heath as Joshua Dingle, George Wilkins as Hiram Crump, Mike Fisk as Herman Brasher.

Nancy Milton as Aunt Dolly Bloomer, Jerry Tracey as Jefferson Lightfoot Calhoun, Ravleigh Arnes as Hamilton Calhoun, David Trip as Pompey, Jennifer Powderly as Jenny, Gregg Colyett and Scott Clement as Sheriff Quimby, Doug Hartman and Keith Moran as deputies, George Lyons as Governor Newton.

Bloomer girls are Francesca and Rosario Anselmo, Kelly Cottrell, Lynn Diak, Terry Dix, De'Vonne Dugan, Linda Painter, Lisa Rudolph, Becky Sage, Tammi Terrell and Nancy Weil. Townspeople are Mary Bigham, Jo Borchert, Dyan Campbell, Beth Clement, Kathy Cortez, Debbie Englemann,

Brenda Gerkin, Sacha Lepley, Kathy Stacy, Lisa Stegemeier, Laurie Wright and Lynn Vunovic.

**IN REHEARSAL** for the Granite City High School South Homecoming play, "Bloomer Girl," members of the cast prepare to sing one of the play's many popular songs. At left, kneeling, is Leslie Houser, playing Daisy; seated is Becky Vartan as Serena. Cast members standing, from the left, are Cindy Smith as Delia, George

Wilkins as Hiram Crump, Kim Malcor as Octavia, Rich Heath as Joshua Dingle, Cindy Thomas as Lydia, Allan Schuller as Ebenezer Mimms, and Alela Kovach as Evalina. The play will be presented at GCHS auditorium at 8 p.m. on Wednesday and Thursday, Oct. 1 and 2.

## St. Peter choir to perform on television this Sunday

Three choirs from St. Peter Evangelical United Church of Christ, 2101 Cleveland Blvd., will appear on the Channel 2 television program, "God's Musical World," Sunday.

Robert Hutchesson, organist, choirmaster, will direct the church choir, the Handbell Choir and the Junior Choir during the half-hour program.

The program will be aired at 10:30 a.m. Since the time is also the church worship hour, provisions are being arranged to have television sets at the church for the congregation to view the program, Rev. R. L. Kettelhut announced.

"The Chancel Choir and Handbell Choir consists of adults and high school members. The Junior Choir is made up of third through sixth graders. All three choirs sing regularly for the 10:15 a.m. worship services and the special holiday services."

In addition to these choirs the church recently formed a Junior High Handbell Choir for seventh and eighth graders is under the leadership of Miss Susan Kelly.

"With the formation of the Junior High Handbell Choir, we now afford an opportunity for all our children, youth and adults to participate in the musical program of our church. By doing this, they learn good church music and participate in the worship and our congregation experiences a variety of music by all ages."

The Rev. Robert Kettelhut, pastor at St. Peter Church, said.

## Navy Mothers aid veterans

Quad-City Navy Mothers Chapter 850 made plans to send a \$25 donation to the Great Lakes Hospital and \$24 to purchase craft kits for hospitalized veterans at the San Diego Naval Hospital, at a meeting last week.

Commander Mrs. Margaret Minzes presided at the meeting and announced anyone interested in becoming a member of the chapter are invited to call her at 876-2854 for information.

The evening prize was awarded to Mrs. Norma Darnell and refreshments were served by hostesses Della Rush, Hazel Jones and Mrs. Minzes to 17 members.

Other prizes were won by Stella Miller, Jean Teller and Nellie Dix. The next business meeting will be held Oct. 2 at the VFW Hall.

## Mary Martha Class elects

The Mary Martha Class of Third Baptist Church, held its annual dinner at the church Thursday night.

Roses and fall flowers decorated the dining tables and opening prayer was offered by Mrs. Alma Garrard.

After dinner an election of officers was held with Mrs. Bonard Maples named president; Mrs. Allie Smith, vice-president; and Mrs. Mary Wilson, secretary-treasurer. Mrs. Maples announced tentative plans for a Christmas party.

An article written by a member, Mrs. Blanche Edwards, entitled "The Gingham Apron," and published in the Baptist magazine, was a revelation by the author.

Entertainment was a television game directed by Mrs. Agnes Landry. Mrs. Florence Simpson and Mrs. Garrard, with prizes awarded to Mrs. Juanita Veizer and Mrs. Ruby Mendenhall, a guest from Naperville, Ill.

Others present were Mesdames Anna Flossick, Golda Riley, Ruth Hopkins, Mary Wilson, Lorena Shirley, Hazel Atchison, Alpha Logan, Laura Grote and Allie Smith.

## Jaycees to take 24 boys to game

The Granite City Jaycees will escort 24 boys to the St. Louis Cardinals-Pittsburgh Pirates baseball game at Busch Stadium, St. Louis, Saturday.

Leonard Fowler, project chairman, said the Jaycees' youthful funds were referred to the young men's service club by the Tri-Cities Area YMCA and the local Big Brother program.

The baseball trip is being financed with part of the proceeds from the annual Jaycee Homecoming; Fowler said serving as co-chairman is Earl Warrhorn.

Also escorting the boys will be Jaycees Ed Gannon, Glen Sadler, Jerry Nannon, Frank Woods and Mrs. Woods.

## Ladies Coterie reconvenes

An informative account of the summer instruction program at the Allerton Federated Art School, Monticello, Ill., was given by Audrey Heinel at a meeting of the Ladies Coterie last week.

The club provides a scholarship for a local student to attend the art courses conducted by the University of Illinois art faculty which includes painting, drawing, design and sculpture work.

Members and guests gathered in the home of the president, Mrs. Alfred Pape, 2608 Edison Ave., for the first meeting of the club year. A dessert course was served by the hostess to 28 members and four guests; Miss Sandra Worley, Mrs. William Worley, Mrs. Keith Edwards and the

guest speaker. The club collect was recited by Mrs. Merlin Hiscott and the pledge was led by Mrs. Raymond Horn.

Mrs. Pape announced the Madison County fall meeting of federated clubs will be held Oct. 8 at Bethalto.

Mrs. Clarence Boettger was appointed chairman for a bus trip to Pere Marquette state park on Oct. 16 as a fall activity of the group.

The meeting closed with the Lord's Prayer given in unison by the members. Prizes for the afternoon were awarded to Mrs. Hugh Foster and Mrs. Henry George.

Mrs. Foster invited the group to meet in her home in Edwardsville on Oct. 2.

## Black Cat dance Oct. 11

Mrs. Winnie Sasyk, president of the Madison Ladies City Organization, led a discussion on the annual "Black Cat" dance which the club will sponsor Oct. 11 at Croatian Home.

The event is open to the public, Mrs. Sasyk said, and tickets are available from Mrs. Ida Dant, ticket chairman.

A new member, Mrs. Helen McGovern, and guest, Mrs. Elizabeth Schmidt, were introduced.

Members agreed to purchase tickets for the annual JPK champagne dinner scheduled Oct. 19 at Southern Illinois University at Edwardsville. It was announced that a

member, Mrs. Ann Bialzak, is a patient at Jewish Hospital.

The next meeting will take place Oct. 20 at Arlington Golf Club with Mary Rogenski and Frances Trotts serving as hostesses.

Refreshments were served by Mrs. Minnie Brown and Mrs. Julia Goclan, followed by several games.

Others present were Eleanor Armour, Mildred Burgess, Ova Carlson, Maxine Costoff, Ida Dant, Pam Dymas, Nora Goodridge, Marie Hockstra, Rita Lybarger, Margaret Mickels, Sue Miller, Mary Rogenski, Hilda Graville, Frances Trotts, Julia Voloski and Rose Rodgers.

## Nu Zeta names candidate

Nu Zeta Chapter of Beta Sigma Phi Sorority met in the home of the president, Mrs. Linda McKeehan, 89 Shirwin Drive, last week and nominated Mrs. Donna McIlroy as the chapter's candidate for Valentine Queen.

The sorority's annual Valentine dance is held in February. A photograph of Mrs. McIlroy will be entered in the National Beta Sigma Phi's queen contest.

Sorority books and pins, arranged with the chapter's scrapbook, were displayed and a prospective member, Mrs. Pat Niles, a guest for the evening, was introduced.

Final plans were made for a car wash on Saturday at the Shell Station, Nameoki and Johnson Roads, and a hayride and winner roast on Oct. 4 for members and their husbands.

Mrs. Carolyn Lee introduced the cultural programs for the year with a discussion on "Woman, Her Heritage and Her Hope."

Mrs. Carla Ashmore spoke on "What Women are Her To," taking excerpts from the book, "Movers and Shakers," to trace the history of woman's advancement to the present time.

Also present were Miss Emily Farnbach, Mesdames Cheryl Barton, Bobbie Lewis, Jeanette Morris and Sharri Smith.

# Law bans sex discrimination in determining credit eligibility

By CATHERINE R. MAUCK  
Madison County Extension  
Adviser-Home Economics  
A person's sex or marital status must be ignored in considering eligibility for credit, whether for a credit

card, a loan or a mortgage. Recent laws passed by the Illinois legislature and the U.S. Congress prohibit credit discrimination by sex or marital status.

Key legislation in this area includes the Illinois Credit Card Law, the Federal Fair Credit Reporting Act (part of the comprehensive Truth-in-Lending legislation) and the new Federal Equal Credit Oppor-

tunity Act effective Oct. 28, 1975.

A credit application may ask whether the applicant is married — but only to determine the rights and remedies available to creditors under state law and not to determine credit worthiness.

A woman's credit application may not include questions about her husband's financial status. Questions about birth control or plans to have a family are also taboo.

A husband and wife may apply for separate credit cards and — assume each is credit worthy — receive individual accounts.

The creditor is forbidden by law to combine these accounts for billing purposes. In fact, as of Oct. 28, 1976, a credit account used by both spouses must be maintained in both their names.

If denied credit, the individual has a right to know why. Under the Illinois Credit Card law, applicants must be told if they ask why they were turned down.

Under these regulations, a person's financial status and credit history will be used to help determine credit worthiness.

The fact that the applicant is a man or woman, single, married, divorced or widowed can no longer be used as grounds for denying credit.

## Parents meet teachers at Wilson

Introduction of PTA officers, committee chairmen for the current year and members of the teaching staff, together with the announcement of future projects, highlighted the Wilson PTA's first meeting of the new school year last week.

Mrs. Dorothy Baker,

president, said the 1975-76 theme will be "To Bring in Closer Relation the Home and School."

To open the meeting Brownie Troop 490, under the leadership of Mrs. Harriet Evans, presented the colors.

New officers and committee

chairmen presented, include: Barbara McCaskey, vice-president; Mrs. Diane Dett-

willer, secretary; Mrs. Phyllis Geske, treasurer; Audrey Laird, juvenile protection and Camp Fire Girls; Linda McGee, youth and means; Marie Powell, health and safety; Theresa Finn, legislation; Diane Mor-

land, membership; Ruth Snodson, exceptional children; Marie Robins, junk yard playground; Linda Buhr,

planning; Olivia Parrish, Girl Scouts; Miss Susan Doty, program; Evelyn Elmore, hospitality; Virginia Rainwater, historian; Jerri Besserman, calendar; and area council delegates, Mrs. McCaskey and Mrs. Robins.

Principal Ted Vrenick introduced the teachers and Mrs. Nancy Graf, school nurse.

Eighty parents attended the initial session and agreed use the "Helping Hand" block for the year for the benefit of students.

Mrs. Baker reported the sale of school pennants is now in progress and during October the PTA will sponsor a bake sale and a sweatshirt sale.

It also was noted the PTA unit had purchased a rocking chair for the kindergarten room, several bookcases for classrooms and gym equipment during the summer.

The budget and by-laws will be presented for approval at the November meeting, it was announced.

## Nameoki women hear students

Students who attended summer sessions at music and art camps, and a speech student who participated in a county meeting, all sponsored by Nameoki Women's Club, highlighted the program at the club meeting last week.

The afternoon session was held at the Nameoki Recreation Center following a noon luncheon served by Mesdames Wilford Cooley, Fred Werner, Herman Steinberg and Russell Johnson.

Miss Lily Dod opened the meeting by reading a paper on "America," then introduced John Castelle, a North High School student who won second

place at the county meeting of Federated Women's Clubs. His topic was "Spirit of America."

Joseph Owens, music director at South High School, presented pupils who attended the summer youth camp at Carbondale. The group performed during the meeting.

Mary Dollins played the clarinet, Robin Robertson performed on the bassoon and Beth Potillo presented a flute solo.

Jo Aerne, also a student at the art training course offered at Allerton Art School near Morris, Ill., this summer was introduced by Mrs. Adolph Weiss.

Miss Aerne spoke on art drawings, photographs, lithographs and statues, the curriculum of the summer sessions, and illustrated her talk with a display of paintings and a statue she created.

Those present included Mesdames E. M. Arnovitz, Emmett Beeler, Elmer Branding, Harold Caldwell, Lucian Bressel, W. C. Irvin, Hugh Kraus, John Lentz, Paul Maas, Lawrence McCauley, Frank Mercer, James Parnley, Mrs. Jorgensen, presented each with a gift.

Plans were finalized to sponsor a sweatshirt sale. Parents rejected a plan to continue with the Lewis and Clark bookmobile.

Mrs. Jorgensen announced the Tri-Mor Bowl bus, which picks up students after school to participate in bowling games, is not affiliated with the PTA organization or the school.

"There is no supervision over the pupils after school and the danger of traffic in front of the school as the children board the bus is serious," the president said.

Ellis Herring presented a program on flower arranging and provided two bouquets for prizes which went to Marvin Ribbing and Mrs. Mary Jane Davis, Jodi Simpson won a bouquet purchased by the PTA.

Refreshments were served by the board members following the meeting.

## Consider shipper needs, Waterways official urges

American Waterways Operators President James R. Smith during the weekend emphasized a need for government action to insure continuity of service to the shipping public in a statement before the Subcommittee on the Surface Transportation of the Senate Committee on Commerce.

"The Surface Transportation Subcommittee, chaired by Senator Vance Hartke (D-Ind.), is hearing testimony on the financial aspects of proposed railroad aid measures."

"The shippers have every right to demand dependable, continuous service at the lowest possible cost—a rate railroads have been unable to perform without an infusion of direct governmental assistance," the AWO president said.

He continued, "The real danger is that if manufacturers in the industrial Northeast are deprived of low-cost transportation of raw materials, they may lose their competitive position in the great markets of the Northeast, the nation and, in fact, the world, in relation to other manufacturers in other areas of the country and to other countries of the world who will continue to have access to low-cost transportation of raw materials."

In this light, Smith urged the subcommittee and Congress to listen carefully to the views and concerns of shipper groups before "grasping hastily at ill-conceived legislative solutions to fundamental transportation problems."

The AWO president continued, "The barge and towing industry is the instrument through which the shipping public makes use of the nation's waterways—we do not own these waterways, the American people do. The result of this use translate into lower costs to the consuming public and a more efficient network of freight distribution," he said.

"In considering methods to finance and rehabilitate the nation's railroads, there are essential parameters which

must be kept very clearly in mind," Smith said.

"In whatever solution is finally developed, competitive equity must be maintained among the various modes, particularly with respect to pipelines which are ignored in current proposals," he said.

On the subject of a proposed diesel fuel tax, Smith said: "There is no question that such a tax would seriously distort long-established competitive equities, would result in serious economic dislocations and would undoubtedly increase the overall cost of transportation to the shipping and consuming public."

"Discriminatory taxation of transportation modes would cause serious distortions of competitive relationships," he continued.

"No inland water carrier and, to our knowledge, no coastwise or intercoastal carrier has ever been the recipient of a single penny of direct subsidy from any state or federal government source," the AWO president said.

"Since the rights-of-way are owned by the public, the funds which have been expended for development and improvement of these rights-of-way have been investments by the public for public benefit," he added.

"Competition among the water carriers serving the shipping public on these rights-of-way assures the public of receiving maximum benefits from its investments," he said.

The railroad industry, on the other hand, whose privately-owned carriers in the past century have been the recipients of billions of dollars of property in the form of land grants and other subsidies—and which through the rate increases granted by the ICC have been able to tax the shipping public directly for freight—has been able to translate into lower costs to the consuming public and a more efficient network of freight distribution," he said.

"It is estimated that public aid given to the railroads in fee, from the land grant days through 1975, amount to about \$16,722,000,000," he added.

Additionally, Smith said, "The disposition and direction of governmental assistance should be determined not by the needs of the transportation

mode, but by the needs of the shipping public which uses and needs efficient transportation services."

"Therefore, it is incumbent upon this committee and Congress to insure that railroad revenues already available through ICC taxation be applied to solve railroad shippers' needs—and that any additional direct government aid take such funds into account and specify that presently-available and additional funds be made available only to those transportation situations where the shipping and consuming public are being denied the services to which they are entitled."

Smith concluded by saying, "We foresee insuperable problems in dispensing funds, however generated, through the trust fund concept."

"We believe that a trust fund would be incapable of equitable administration and that the disbursement of any funds raised by whatever means should be accomplished through the normal congressional appropriations process with the same degree of intense scrutiny that presently prevails in the appropriation of funds for water resources projects."

Smith appeared on a panel of witnesses which included William A. Bresnahan, president, American Trucking Association; John A. Creedy, president, Water Transport Association; and R. Q. Lopardo, president, Private Carrier Conference.

## Steal revolver, leave shotgun

An \$80 revolver was all that was believed stolen from the home of Raymond Warren, 2231 Alexander Ave., it was reported Tuesday afternoon.

Entry was gained by kicking open the front door and damaging the door lock and frame. All the rooms and the closets were ransacked.

A shotgun, believed left behind by the burglar, was found in the house and was fingerprinted by Granite City police.

Exit was believed through the rear door which the burglar left open.

**LINING UP TO PAY TUITION.** Students at Southern Illinois University at Edwardsville crowd into the bursar's office to pay their tuition and fees last week.

## Townships helpful to Supplemental Income applicants, supervisors told

Township supervisors and their caseworkers from a nine-county area attended a workshop at Sunset Hill Holiday Inn during the weekend.

The meeting was chaired by Don Scheib, supervisor of St. Charles Township, Kane County, Ill., president of the Supervisors' Division of the Township Officials of Illinois.

Other state officials in attendance was Paul Pitschauer, Springfield, second vice president; Nancy Follet, Oak Park, secretary; and Director Ed Huck of Nashville, Tenn.

Don Frost, field representative from Social Security, explained the Supplemental Security Income (SSI) program and answered questions regarding it.

The only agencies to help those who need SSI applications are the township general assistance offices, it was asserted. Due to the fact that the SSI applications may take months before a determination is reached, many townships have the additional financial burden as well as increased caseload, the gathering was told.

Cecil Longwisch, supervisor of the Madison County Environmental Laboratory, explained water testing procedures performed by the laboratory and discussed recent fogging done by the department due to the outbreak of encephalitis.

He also talked about problems caused by septic tanks which are not properly or adequately installed.

Those attending also heard from State Representatives Dwight Friedrich, Don Brummett, Everette Steele, Wyvetter H. Young and Joe DeLoach.

They discussed bills relating to township government, civil

the role that township government plays in society and a need for its preservation.

It was the opinion of several legislators that township government is "not only the closest to the people but, in many instances, the only place for them to go for needed services."

Although available federal funding decreased during the fiscal year ending June 1975, Southern Illinois University at Edwardsville had a significant increase in its funding from extramural sponsors, according to the Office of Research and Projects.

Extramural funds for research, training facilities, institutional and student support programs totaled \$5,010,566, an increase of 97.9 per cent over the previous year.

Excluding a \$2 million facilities grant for the Environmental Resources Training Center, SUE received \$3,010,566, an increase of 18.9 per cent from the previous fiscal year and 42 per cent more than in 1973.

The 76 external grants contracts awarded to SUE included: 27 grants or contracts for research totaling \$302,355; 29 grants or contracts for training purposes totaling \$1,161,453; 16 student support grants totaling \$1,350,740; one grant for facilities for \$2 million; and three institutional support grants or contracts totaling \$196,018.

This year, 192 formal applications were made to external agencies.

"The increased number of research grants awarded to our faculty has been very heartening to the Office of Research and Projects and encouraged other faculty members to develop their research interest into proposals to be submitted for external support," said John Rodman, director of the Office of Research and Projects in the SUE Graduate School.

for the fall term opening Monday. With the scarcity of job opportunities, many students are going back to college, expanding enrollment projections.

The afternoon session began with speakers from the Madison County Department of Public Aid—Ted Funkhouser, superintendent; Mrs. A. L. Knox, assistant superintendent; and Mrs. Gladys Riechmann, a caseworker in the department and the liaison worker between the County Department of

Public Aid and township general assistance offices. They explained various programs offered by Public Aid, the rulings and requirements, and how they can assist townships in administering general assistance. They also answered questions from the supervisors and caseworkers in attendance.

Final speaker for the day was Russ Stauffer, assistant to Troy Kost, who is secretary-treasurer of the Illinois Township Officials. Stauffer is in the Springfield office of the secretary-treasurer's staff.

He discussed the role all township officials must play in township government today and also reviewed bills passed by the legislature affecting townships.

The meeting was hosted by Hays Mallory, supervisor, Edwardsville Township, and president of the Madison County Township Officials Association; and Paul Riebold, supervisor, Jarvis Township, and vice-president of the Madison County Township Officials Association.

The meeting was the ninth and final workshop held for township supervisors in Illinois and President Scheib announced that he hopes to schedule workshops again next year.

## 3 fire calls

Granite City firemen were called to three fires during the weekend and late last week, including a fire in the 2300 block of Rock Road which caused \$100 loss to the auto of Donna Ryan, 3225 Maryville Road.

The fire was believed set from the front seat by vandals. Firemen were on the scene 30 minutes.

Firemen during the weekend were called to the home of Fireman Robert Daves in the 3000 block of National Avenue, when an electric range developed a short circuit and began to burn. Daves cancelled the call for firemen after he removed the fuse to the stove and the fire stopped. Damage to the stove was estimated at \$250.

Fire caused about \$50 damage to the home of Glenda Davis, 2220 Lee Ave., early this week after a light bulb touched the ceiling tile, setting the ceiling on fire. Firemen were on the scene 25 minutes.

## Phi Delta Kappa will hear Dr. Cronin

The Gateway East Chapter of Phi Delta Kappa will hold its first meeting of the 1975-76 school year on Saturday, Oct. 4, at 9 a.m. at the Lewis and Clark Restaurant in East Alton. It will be a breakfast meeting.

Phi Delta Kappa is a professional fraternity for men and women in education stressing leadership, service and research. Program Chairman Joshua Johnson, assistant superintendent-community services, Illinois Office of Education, reports that Dr. Joseph Cronin, state superintendent of education, will be guest speaker.

Chapter Officers for 1975-76 are:

President—George T. Wilkins Sr., former Illinois superintendent of public instruction and retired professor of SIUE.

Vice president—Don White, administrative assistant, Highland school district.

Secretary—James Ringhausen, superintendent of schools, Hardin.

Treasurer—William Thomas, assistant superintendent of schools, East St. Louis.

Historian—Dwaine Weber, director of Special Education Region 11, Madison County.

Immediate past president—C. A. Henning, Triad superintendent of schools.

## Farm leader backs ending grain sale ban

Illinois Farm Bureau Executive Director H. B. Steele on Monday wired a protest to President Gerald Ford against continuation of the government ban on grain sales to Russia.

In a telegram, Steele urged the President to lift the ban "or face the increased wrath of American farmers."

In a statement issued by Steele regarding his protest, he said, "President Ford must either end his ban on grain sales to Russia, and do it today, or face the increased wrath."

"Already American farmers are seeing Russia go to other countries to buy grain at reportedly higher prices than they would have to pay here, because they can't buy grain here."

"Late last week, Russia bought a half-million tons of soybeans from Brazil at prices reported to be \$4 to \$5 a ton higher than current prices in the U. S. Other Russian purchases from Brazil are rumored."

"One of the big stumbling blocks to additional sales of grain to Russia has been the freight rate problem, but Russia has agreed, at least informally, to pay higher freight rates. The higher rate was really what the longshoremen and some union leaders wanted in their boycott against loading ships bound for Russia."

"Pres. Ford asked American farmers to go all-out in producing grain in 1975. Farmers responded. Then the President yielded to political pressures and banned additional sales to Russia."

"Now is the time for him to lift the ban and let American farmers that he has not broken faith with them."

*Exhortation 3:17 "... that Christ may dwell in your hearts by faith ..."*

Do you understand that we are saved by grace through faith? And that not of ourselves, it is the gift of God. We will not speak at this time of faith, though it is always a timely subject. But we will consider the thought of Christ dwelling in our hearts. Jesus Christ wants to reign in your life and mine, and it is blessed to be able to commit our way unto one who knows the end from the beginning, the one to whom all of our tomorrows are already known. He has promised to go with us even unto the end of the way. He has promised that he will NEVER leave us nor forsake us. He tells us His strength is made perfect in weakness. That His grace is sufficient for every need. He dwells in our hearts by faith.

It is truly wonderful to be able to commit our lives to Him. We live to Christ to acknowledge Him as King of Kings and Lord of Lords. Then will He dwell in our hearts in all of His fullness. When we commit ourselves to the sovereignty will of our Saviour he lays a hand hard upon our hearts and lives and leads us in paths of righteousness in the way of peace.

He waits just now for you to decide, for you to exercise your faith, that He may dwell in your heart. Just give Him a chance. Do it today!

## Myer's DeMolay councilor

Stanley C. Myers, son of Mr. and Mrs. Charles P. Myers, 3439 Grand Ave., was elected master councilor of James Stuart Chapter, Order of DeMolay, during its regular meeting at the Masonic Temple.

Myers is a senior at Granite City High School South. He is a member of the football team and the track team. He also is a member of the Netherland United Methodist Church.

Other officers elected were: James S. Boyd, senior councilor; Robert C. DeCoursey, junior councilor; Kelly D. Smith, chaplain; and Michael A. Worthen, treasurer. The elected and appointed officers will be installed in a public ceremony on Oct. 21 at the Masonic Temple.

During the business meeting conducted by Anthony Tsigaloroff, it was announced that professional square dance instruction will follow the DeMolay and Job's Daughters meetings on Tuesday of each week.

Job's Daughters are to be at the DeMolay meetings at 7 p.m. and DeMolays at the Job's meetings at the same time for

STANLEY MYERS

instruction by E. F. Brady. Members of the chapter will attend the District 16 meeting in Wood River Saturday, Sept. 27. DeMolays are to meet at Reese Drug store Bellefonte at 7 p.m. The chapter's Flag football team will represent the district in a district tournament on Sunday afternoon, Sept. 28.

## A. O. Smith to sell Armor Elevator - U. S.

The U. S. operations of Armor Elevator Company, Inc., a subsidiary of A. O. Smith Corp., will be sold to a group of investors headed by the current Armor president, officials of both companies announced Monday in Milwaukee.

L. B. Smith, chairman and chief executive officer of A. O. Smith, and Robert E. Gill, president of Armor, said the agreement approved by the A. O. Smith board of directors is effective Sept. 30. Terms of the agreement were not announced.

Gill said he will form a new corporation to operate the business and will retain the name Armor. Headquarters will remain in Louisville, Ky.

A. O. Smith will retain ownership and continue to operate Armor Elevator Canada, Limited. Armor Canada and Armor U. S. will continue to cooperate on technical matters that both parties consider important for the future well-being of each company.

Smith announced that Bert D. Mann, executive vice president of Armor U. S. and president of Armor Canada, will head the Canadian operation on a full-time basis. John R. Parker, president of A. O. Smith, will become

chairman of the board of Armor Canada, replacing Gill, who has been chairman since 1970.

Armor, which manufactures, installs and maintains elevator equipment, was founded by A. O. Smith in late 1909.

Sales of the U. S. subsidiary have risen from \$26 million in 1970 to \$48 million in 1974. Combined sales of the U. S. and Canadian Armor subsidiaries grew from \$43 million in 1970 to \$75 million last year.

Armor's return on investment has been inadequate because of industry-wide labor difficulties, the effects of inflation and the recession within the commercial building industry, the officials said.

Gill pledged a vigorous program of developing new products and methods. A. O. Smith, with its subsidiaries and affiliates, is a widely diversified manufacturer. Its product line includes water heating equipment, electric motors, meter systems, agricultural feed storage and handling systems, auto and truck frames (with an auto frame plant in Granite City), elevators, glass fiber reinforced plastic pipe, metal powder and computer services.

# Questions, answers by Madison schools on bond issue election Saturday, Sept. 27

**Q. Why is there a need for a new middle school to house pupils in grades 6, 7 and 8?**  
A. There are many reasons why a new school for our middlegrade pupils is a must: We are now using a "double shift" at the Madison Junior High building.

Half of our junior high age pupils are in school and half are at home or on the street at the time when they should be in school. Physical condition of the Madison Junior High and the Dunbar must be considered.

And there is a need to establish a middle-school type of program for pupils enrolled in grades 6, 7 and 8.

**Q. Why is it necessary to use a "double shift" at the Madison Junior High building?**  
A. The building has a capacity of 240. We now have 370 pupils enrolled in the 7th and 8th grades.

**Q. What effect has this double shift arrangement had on the educational program of our children?**  
A. There are many effects, felt not only in the Junior High, but also in the early elementary program.

**Q. Junior High pupils who are not in school tend to congregate inside the elementary buildings and on the playgrounds, creating disruptions to the lower grade pupils.**

**Q. How does this double shift affect pupil preparation for entrance into high school?**  
A. Some subjects are now taught on an alternate day basis instead of daily. This has a serious effect on basic skills preparation for high school entrance.

**Q. What effect does this double shift have on pupils who attend Madison Junior High?**  
A. There are many effects, including but not limited to the following:

1. Pupils in school during a shortened day are being deprived of many of the educational opportunities to which they are entitled.

2. No time is available for an alternate day of instruction.

3. Reduced instructional time tends to restrict individual pupil achievement.

4. Pupils are at home or on the street at that period of time when they should be in school.

5. There are serious limitations for the extra curricular program of activities.

6. No time is available for pupils who may need extra help from the teachers.

7. Serious social and morale problems have developed from the double shift and serious overcrowding.

**Q. How long can we continue a double shift arrangement in our junior high building?**

A. We have been notified in writing by the Illinois Office of Education that the present school year is the last year we may use this arrangement.

**Q. How can we set up a full-day school program for all pupils for the 1976-77 school year?**  
A. How can we set up a full-day school program? Some possibilities include:

1. Purchase of sufficient portable or relocatable classrooms to house either 7th or 8th grade pupils. This would require an expenditure of an estimated \$225,000 to \$250,000 paid from current funds which are just not available.

2. Remodeling and repair of our present Junior High to accommodate grade level pupils not housed in the portables referred to in No. 1. This cost is estimated to be \$150,000 (minimum).

3. Contracting with one of our neighboring school districts to provide housing for pupils we cannot provide for. This would be dependent on one of our neighbors having space available.

4. Rent space in vacant buildings, churches, civic buildings and repair, remodel and equip these areas for school use.

**Q. Why can't we move our junior high pupils into our other school buildings?**  
A. Our other buildings are at capacity. In fact, we need to move our 6th grade pupils out of these buildings.

**Q. What is the general physical, mechanical and structural condition of these two buildings?**  
A. Members of the visitation team from the Capital Development Board, the Illinois Office of Education and the Superintendent of the Educational Service Region found the following evident in the facilities:

1. The entire junior high is obsolete. The original portion was built in 1914 and the gym addition in 1927.

2. Serious structural deterioration is evident in the original portion of Dunbar and portions of the junior high.

3. Serious deficiencies in heating and ventilation in both facilities.

4. Site size too small for the pupils enrolled.

5. Crowded stairways and corridors in both.

6. Sub-standard basement classrooms at the junior high.

7. Limited or non-existent areas for a full educational program.

8. Why do we need to establish a middle-school program?

A. We need to make room for our Dunbar pupils in our other elementary buildings.

In order to do so, it will be necessary to move 6th grade pupils out of their present location and into the new middle school.

9. Adequate physical education and outdoor recreational areas.

10. Opportunity for improving our present extracurricular programs.

11. A new school environment will provide conditions for maximum student achievement.

12. Will provide areas for year-round community usage under pleasant conditions.

13. Elimination of the "double shift" will allow all teachers to be at school at all times, permitting in-service improvements in educational programs.

Q. When will the new facilities be available for use?  
A. Probably for the 1977-78 school year. Possibly the second semester of the 1976-77 school year.

**Q. Why should we give our support to this proposal to be voted on Sept. 27?**  
A. There are many reasons:

1. State of Illinois will pay 70 per cent of the total cost, or \$1,769,925. This money is available to us now. No assurance that it will ever be available again.

2. We must discontinue our "double shift." This will have control and less maintenance benefits from such an installation.

3. We must provide facilities which will eliminate some of our existing social and morale problems.

4. We must improve the basic educational opportunities available to our pupils.

5. We must reinstate enrichment programs for all students.

6. We must provide facilities for our special education students.

7. We must upgrade our program of extracurricular activities available to our upper grade pupils.

8. What is the total anticipated cost for this new middle school?  
A. The CDB has estimated the total to be \$2,528,464 based on present construction costs.

9. What amount must we approve locally in order to secure this new building?  
A. We will vote on Sept. 27 to issue \$800,000 in general obligation bonds to be paid for by the residents of Madison Community Unit District 12.

10. How much will our local taxes be increased after we approve our portion for the new building?  
A. Approval of this new building will not increase our taxes.

11. Q. How is it possible for us to raise \$800,000 locally without a tax increase?  
A. We now have bonded indebtedness from previous building programs. However, these bonds will all be paid off within the next three years.

12. It is planned to adopt a bond retirement schedule which will require only interest payments for this three-year period. The interest costs will be paid from receipts in operating funds.

When our present bonds are retired, the existing bond and interest tax rates will be applied toward this new \$800,000 issue.

13. Q. How will the bonds be approved or sold?  
A. By competitive sealed bids. The bids submitted must be accompanied by a "good faith" check in the amount of 2 per cent of the principal amount of the bond issue.

14. Q. Will we receive the \$1,769,925 from the CDB if we fail to approve our local share in the amount of \$800,000?

A. No. We must approve our portion before state funds will be released. Failure on the part of the local district residents to provide their share nullifies any hope of receiving state money.

15. Sooner or later, the present bonds will be paid off. This means that the total cost of a new building must be borne by the local residents, with no help from state money, unless there is a favorable vote Sept. 27.

16. Q. What will happen to the \$1,769,925 state grant if we do not provide our share?

A. These funds will go to one of the more than 300 schools in Illinois who applied but did not receive the money due to limited amount available.

17. Q. May we vote again on this same proposal if our voters reject this one?

A. We will have to reapply during the 1978 fiscal year. We have no way of knowing at this time if we would receive another grant.

18. Q. How will the state portion of the cost of this building be paid?  
A. The state of Illinois will sell bonds to be paid from general state revenues. All residents of the state, including people in Madison, will help to pay off these bonds whether or not we approve a new building for our children.

19. Q. With the state of Illinois contributing 70 per cent of the cost of this building, what does a "no" vote represent?

A. A "no" vote in Madison means a "yes" vote to some other school district in Illinois. Rejection of this issue by the people in the Madison district means that some other school in the state will receive the \$1,769,925 allotted to us.

20. Q. What is considered as the best use of our tax dollar?  
A. The best investment of our tax dollar is a new building. The cost of renovating facilities, some 60 years old, and the purchase of relocatable (movable-temporary) facilities to eliminate our "double shift" is estimated to total a minimum of \$600,000, and still have only older and temporary facilities.

The effect on the individual yearly tax bill to provide a new building will be insignificant over the period of time we need to pay off these bonds, the schools' question-and-answer summary concludes.

## Crowning of queen to mark South homecoming

A major highlight of Granite City High School South Homecoming Week, which begins Monday and will continue through Friday, will be the crowning of the queen and announcement of the identity of the queen's escort.

With no signs of a "watergate leak," students, parents, and friends will have to wait for the crowning of the queen until after the Homecoming play "Bloomer Girl," which is to be presented at 8 p.m. in the school auditorium both Wednesday and Thursday. The coronation ceremony will take place both nights.

The queen and her escort were chosen by secret ballot yesterday at the school by the "official court" members.

Members of the official court

were chosen earlier, by a secret vote of the students.

Candidates for queen and members of the official court are Ann Aerne, Terry Brannan, Mary Burns, Robin Deterding, Connie Heim, Leslie Jones, Paula Kohl, Susan Ralls, Lorrie Winters, and Liz Zelema.

Members of the court and candidates for escort are Frank Baranica, Brian Bunjan, Nick Dockwatt, Doug Hartman, Kevin Konzen, Keith Moran, Jerry Patterson, Ed Zepanik, Larry Tegel and George Wilkins.

Tickets for the play are being sold in the school cafeteria during the lunch hours and are \$1.50 for students and \$2, for adults.

Tickets are on a first-come, first-served basis and there is no reserved seating.

## Economist says oil prices may jump 15 to 25 per cent

With greater dependence on foreign oil and the lack of a critical national energy decisions, the country is headed for more shortages and higher prices, according to R. S. Schwartz, University of Illinois Extension agricultural economist.

In 1970, the United States produced about 73 per cent of the oil it consumed. Now, five years later, it produces 60 per cent of its total oil consumption, Schwartz noted.

Within the next six months, fuel prices may increase 15 to 25 per cent, Schwartz said. But price increases are not the only energy-based problem, he added.

Fuel supplies have been and will continue to be adequate for most farming operations throughout the country. In spite of the record acreages of crops planted this spring, no fuel shortages were reported, and gasoline and diesel fuel are in good supply for fall, Schwartz noted.

However, because suppliers of natural gas may have limited supplies, some Illinois farmers may have difficulty finding enough propane gas for grain

drying. And some farm homes heated by L. P. gas may be a little cooler this winter, Schwartz reported.

Farmers powering irrigation pumps with natural gas also are concerned about the possible priority rating reduction from 2 to 3. This would mean that farmers could no longer get 100 per cent of the gas needed. And they would have to operate under interruptible service, the economist said.

The effective date of this Federal Power Commission order has been delayed, but if farmers are forced to shift to other fuels for powering irrigation equipment, costs will rise significantly and could affect their total farming operation, he said.

As America runs out of cheap fuel, many dramatic changes will take place in how we live and work, Schwartz concluded. As energy problems increase, however, there may be further changes in public sentiment toward agricultural priorities for fuel supplies.

## Seminar for nurses Oct. 9

The School of Nursing at Southern Illinois University at Edwardsville will sponsor a seminar Oct. 9 from 8 a.m. until 3 p.m. at the Holiday Inn in Collinsville (Route 157) for nurses who wish to upgrade their education.

Purpose of the workshop is to discuss genetic health problems, with an emphasis on cystic fibrosis, according to Ina Ingwersen, director of continuing education in the SIUE School of Nursing.

Instructors will include: Lyleen Stewart, instructor of maternal child health at Bellevue Area College; Irene Riddis, professor in the School of Nursing at St. Louis University; Doris Hell of the Cystic Fibrosis Clinic at Children's Hospital in St. Louis; Martha Finger, social worker with the Cystic Fibrosis Clinic; and Angela Stock, consultant with the Division of Crippled Children at the University of Illinois.

Topics to be discussed during the sessions include the varieties of genetic disease, the social impact of the disease on the family and the community, available community resources, and latest developments in nursing care.

Registration for the seminar is \$6.50, which includes lunch. Participants in the seminar will earn five continuing education units. Deadline for registration is Oct. 2.

Additional information may be obtained by contacting the School of Nursing at SIUE.

# Some of bills not being shown to Chouteau highway commissioner

Jim Estes, highway commissioner of Chouteau Township, told the township's Board of Auditors Monday night that he is making a concerted effort to get the department out of debt and he wants better control over the bills his department receives.

Estes said he is having a difficult time finding out where the department stands financially, since all of the department's bills are being sent to the Chouteau Town Offices, 825 Thorngate Drive, where they are filed before he has an opportunity to see them.

Mrs. Patricia Polley, town clerk, said the bills are filed when Estes' department does not have the money to pay them and are brought out and presented to him when there is sufficient money for payment.

Estes told the board he wants all future highway department bills sent to the township garage and wants bills received at the town office to be held for his inspection, prior to filing.

Mrs. Polley said she felt the bills are safer filed in the town offices, "rather than send them out there (the garage) where three or four people handle them and they are just liable never to come here."

Auditors Jim Greer and Marion Sparks sided with Estes, noting that he is an elected official with his own department.

"We are not supposed to have them (the bills) before he has them," Greer said.

Township Supervisor Walter "Dick" Sparks said he felt Estes should examine the bills at the town office. "Every bill

that comes in, he should see. And if he wants to sign them, he can sign them. It is better that they come in here rather than that they come in there (the garage)."

Sparks then commented, "I'm sure I don't care, Pat (Polley) doesn't care and (the secretary) doesn't care if we never pay a bill out here. I suggested Estes notify creditors to send bills directly to him at the highway garage."

Estes acknowledged the department is nearly one year in debt, but said its financial problems stem from the three years the voters failed to approve the special 165 cent special hard road tax, thus cutting his department's income in half.

Last year, the voters approved reinstating the tax and the first collections now are being received. Estes said he managed to keep the roads and gutters in good shape, even on half the regular income, "which is better than other highway commissioners could have done," he said.

"I'll get out of debt and it won't take me long, either," he told the board.

Supervisor Sparks alleged "unnecessary and wasteful spending" and listed several items he felt were examples.

He cited a \$52 bill for insurance on a pickup truck he was not sure the township owned. "It is ridiculous. We don't need it. There is not an auditor sitting here that can say we need five pickup trucks."

Estes responded, "We are using them every day." He said Eberhardt added, "He has the truck and he is using the truck.

We can't let it on the road without insurance."

Sparks responded, "That's one way to stop him from using it. Park it and return it to the owner."

He contended that Les "Sonny" Caton owns or holds a lien on the truck. Estes said at one point that the township owns the truck and there is no lien on it. Later, he said that, if the town board wished, he would return the truck, saying Caton has a lien on it.

The supervisor charged the department spent \$66 for paint, at \$17.35 per gallon, to paint trucks on loan to the highway department from Madison County Civil Defense.

"If you keep that up, you'll never get out of debt," the supervisor commented.

He also said the department has six Manpower grant employees and two full-time highway department employees, in addition to about 24 Manpower employees he was loaned, for a period, by the Chouteau, Nameoki and Venice Drainage District.

"If I were the township highway commissioner, I would promise the people I would never need more than eight men," Sparks told the highway commissioner.

Estes responded that he no longer has the 24 men from the drainage district and noted that Nameoki Township has about 13 full-time highway employees.

Auditor Greer said the Town Board of Auditors has no right to try and control spending in Estes' department. He said when a highway bill is presented to the board for

auditing, "If no fraud is involved, we have no choice but to approve payment."

Supervisor Sparks noted, "There is no fraud. There is a limit where you can go with 'unnecessary' and 'wastefulness.' If you haven't got enough money to buy steak today, you buy something cheaper."

Greer continued, "We audit the bills. We do not approve them. If there is no fraud involved, we must audit them."

Mrs. Polley said, "If you don't approve, you don't have to approve his tax levy or his anticipation warrants."

Greer disagreed, saying, "He can force us before a judge to force us to do it. We are here to serve the people. When a warrant is legal, we must approve it."

"What if a group of people on the board disagreed with welfare? We could just vote against it and there would be no welfare in the township? That's not our job," Greer concluded.

Auditor Cletus Bedwell said, "I'll audit the bills if they are legitimate bills, but I don't have to agree with wasting money down the drain."

Sparks said the people have the final say whether the highway department continues to receive the special hard road tax.

"When you came into office," Sparks told Estes, "you had that 165 cents (tax rate). In

four years' time, the people decided they should cut it off."

Estes responded that only a few were present at the annual town meeting when the tax was defeated. "The people didn't want that tax cut," he said.

Sparks added, "If you don't stop wasting it," and Estes interjected, "I'm not wasting a penny."

Sparks continued, "The people are just going to cut it off. There is lots of dissent. Maybe not among the people

you associate with but among lots of taxpayers."

"They expect you to use it to the best of your advantage or it's going to get knocked down again," the supervisor concluded.

Estes responded, "If I ever get it knocked down again, I will do what my attorney told me the last time — just let the roads go to heck and the people will be up there the next time glad to vote it back in."

The board approved a \$10,000

tax anticipation warrant for the highway department so that it could meet the payroll and pay some bills.

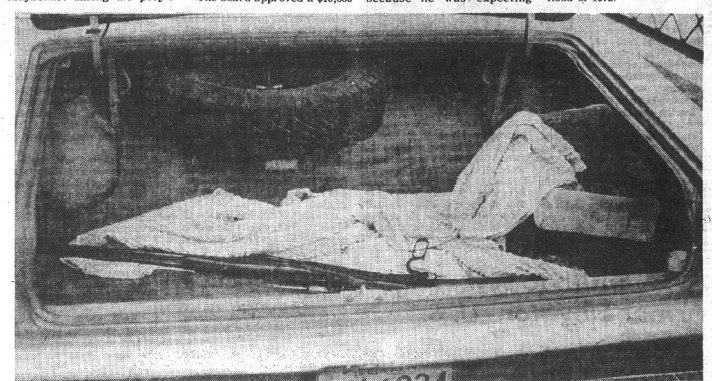

The highway workers were to have been paid Sept. 9, but the board was unable to approve the payroll since there was no money available in the highway department funds. The new warrant is to be repaid by taxes collected next year.

Estes said he did not request the tax warrant two weeks ago because he was expecting

sufficient tax money from County Treasurer George Musso to meet the payroll within that period.

"I'm supposed to be getting some tax money and another \$6,000 reimbursement (from motor fuel tax funds) for cutting weeds (for the state)."

He also said the county has promised the final payment of about \$18,000 is due to reimburse the highway department for money expended during the flood of 1972.

RECOVERED WEAPONS, believed used in the beating of two residents last week, which were found by Venice police in the trunk of a car they stopped on McKinley Bridge. Five persons, including a

juvenile, were taken into custody and face court action. The victims were seriously injured. Shown are a shotgun and a rifle, wrapped in a blanket. (Press-Record Photo)

## Ransack home, steal auto

Thieves pried open a window of the home of Herman Schroeder, 37 Del Rio Ave., and ransacked it between 3 p.m. and 10:15 p.m. Saturday. They took his 1975 Lincoln Continental automobile from the garage.

The auto was recovered later in the evening by Collinsville police who found it in the parking lot of Holiday Inn near Collinsville.

Greg Schroeder reported the theft when he arrived home and found the house had been entered.

A check is being made to determine if anything else was taken.

## Scott Stille heads Post 6

Scott Stille was elected Chief (president) of Explorer Post 6, sponsored by the Laymen's League of the Concordia Lutheran Church.

Other officers for the 1975-76 year are Pam Tester and Bob Schmidt, elected clan chiefs, and Becky Dudley, historian. Donald Beck, 3229 Palm Ave., is the post adviser; Edwin Webber, 529 Jefferson St., Venice is the institutional representative.

Post 6 is an Indian lore specialty post.

## Varied festivals celebrate arrival of autumn in Illinois

Autumn in Illinois: the ideal time to get away for a day or a weekend. Whether one is a fall scenery fan, fall foods gourmet or a lover of pioneer arts, there is a festival suited to one's likes.

Fall festivities begin early, and the weekend of Oct. 3-5 offers many opportunities.

During the Southern Illinois Folk Festival at DuQuoin, craftpeople will demonstrate frontier arts, sports, games and cookery.

On Oct. 4 and 5, the grounds of the New Salem Carriage Museum near Springfield will come alive with modern artisans practicing spinning, weaving, smithing and other early era crafts.

At Bishop Hill, near Galesburg, descendants of the Swedish settlers celebrate their cultural heritage with the annual Jorbrukdagarna (agricultural days), also on Oct. 4 and 5.

If fresh fall air really sharpens one's appetite, take in the Old Fashioned Apple Butter Stir Oct. 2 in West Frankfort (south of Mt. Vernon), or go to the annual Burgoe Festival at the LaSalle County Historical Society in Utica, not far from Starved Rock State Park. That's Oct. 12.

Burgoe? It's a hearty hill

country stew simmered for hours in huge iron cauldrons. Or the Illinoisan or visitor might want to try the German way of ushering in the new season with a traditional Oktoberfest. There's one at Camp Hillcrest outside Rockford Oct. 18-14 that features ethnic food, folk dancing and, of course, German beer.

The famous Spoon River Scenic Drive southwest of Peoria offers 65 miles of farmland and picturesque small towns. And during the first two weekends of October, there is an annual festival with auctions and antique shows, country cooking and hospitality at every bend of the road.

A trip to Spoon River (this year Oct. 4-5 and 11-12) makes it hard for many to believe that local folks' predecessors were the prime characters in Edgar Lee Masters' scathing social commentary, "Spoon River Anthology."

Take time to stop in Lewis and Clark's "Masters' hometown; explore the old cemetery and try to match up gravesites with some of the poems in the "Anthology," it is suggested.

Up in Henry County, those same two weekends, the "Country Lanes Festival" provides an opportunity to travel the backroads from Geneseo into the surrounding countryside, visiting scenic and historic sites, seeing farmers' markets and generally enjoying the change of pace.

"Autumn on Parade" takes over in Northwestern Illinois Oct. 10-12. Pioneer atmosphere pervades the celebration, with salutes to the Bicentennial, including a huge Sunday afternoon parade, and reenactment of the Battle of Chickamauga.

There's also the once-a-year chance to tour Stronghold Castle, a replica of a medieval English castle—Saturday and Sunday, Oct. 11-12, from 10 a.m. to 4 p.m.

In the Rock River Valley will overflow with crafts shows, square dancing, fishing derbies, antiques and art shows, plus the fall scenery, with colorful landscapes and crisp autumn weather.

In Springfield, the Indian Summer Festival Oct. 11-19 marks the change of seasons at the Lincoln Memorial Gardens. Take a guided nature walk, watch the Indian dances and enjoy nature-related crafts demonstrations, state tourism officials urge.

On the outskirts of Springfield is the Clayville Rural Life Center, once a stagecoach stop, which has its seasonal finale the weekend of Oct. 11-12.

The Clayville Fall Craft and Folk Arts Festival features pioneer crafts and hobbies, folk singing and dancing.

For a complete listing of fall festivals and activities, Quad-Cityans may write for a free copy of the "Illinois Calendar of Events" to the Illinois Adventure Center, 160 N. LaSalle, Chicago, 60601 or the Illinois Office of Tourism at either 222 S. College, Springfield 62706 or 2209 W. Main, Marion 62559.

## Madison School Mothers plan sale

A bake sale will be held Friday at Schermer's Market, 12th and Madison Avenue, sponsored by the Madison School Mothers Club, with the proceeds to be used to purchase prizes and refreshments for a carnival at Harris School on Nov. 7.

Mrs. Ericka Kellens was named sale chairman at a club meeting held at the Harris School, and Mrs. Georgia Siawar will be in charge of the carnival.

Newly elected officers of the organization are Mrs. Margaret Blacksher, president; Lenora Brown, vice-president; Mrs. Rose Rife, secretary; Mrs. Stawar, treasurer.

Plans also were made to

serve treats to the students at Harris School at the annual Halloween parade.

Volunteers were sought to assist with the Sickle Cell anemia testing series to be held next week.

Porter Cawley, school principal, suggested the Mothers Club could help purchase library books and film strips, or provide Christmas treats and field trips. Sponsorship of puppet and magic shows sometime during the school year also was discussed.

Dr. Jim Cromer, Project Director of Teachers Corp., spoke briefly on the program. He introduced two teachers, Willie Ivory and Jacque Engberg, and Mrs. Donna

Woodard, community coordinator.

Earl McClanahan, principal of Madison Junior High School, reviewed the bond issue for a new middle school, to be placed before voters on Saturday.

Hostesses for the evening were Mrs. Blacksher, Mrs. Stawar and Mrs. Mary Ann Kaminski. Others present were LaVerna Harris, Lonnie Layton, Rose Lawrence, Pearl Johnson, Betty Wiles, Dorothy Fincham, Mary Yeager, Norma Eaves, Karen Purkople, Willie Allen, Helen Jacks, Ruth Newsome, Anna Freeman, Ruby Coopwood, Anna Cathers, Margaret and George Amisch, Linn Comer and Pat Lavin.

## Hurt on St. Clair

Donnie Williams, 18, of 1913 Joy Ave., and Miss Janet Lampe, 16, of 3112 Edgewood Ave., were injured when Williams' auto struck a parked car in the 1500 block of St. Clair Avenue at 5:45 p.m. Tuesday.

Williams said he was west-bound when an oncoming car appeared to be crossing the center line, causing him to swerve his car to the right where it struck the parked car of Carl Underwood, Marietta Underwood's auto was pushed into the parked pickup truck of Vernon Dublar, 1545 St. Clair Ave.

Williams suffered an abrasion to his right forearm and a contusion to his upper lip. X-rays were taken and he was released.

Miss Lampe, a passenger in Williams' car, suffered small cuts to her forehead and chin, abrasions to her right elbow and both knees and a possible head injury. X-rays were taken here and she was transferred to Firmin Desloge Hospital, St. Louis.

## View cancer detection movie

A film on the detection of breast cancer was shown during the quarterly meeting of the St. Elizabeth Hospital Auxiliary Monday at the Weisman Room of the hospital.

President Helen Bergfield presided at the meeting. She was elected to continue as president for the next year.

Other new officers elected were: Kathy Hagnauer, vice-president; Ruth Lamb, recording secretary; Ruth Krieschok, treasurer of the coffee shop, and Angie Anshutz, treasurer of the general fund.

New members present were Louise Smith, Wilma Veizer, Ann Greese, Bernice Grimsom and Elizabeth Briggs. Guests introduced were Catherine Ponce and Lillian Crawford.

The film on breast cancer detection was shown to explain the use of the mammograph which the auxiliary recently purchased for the hospital.

Entertainment at the meeting was presented by Glenn Tonsen Jr., a magician.

## GC police first in marksmen shoot

The Granite City Police Department pistol team finished third among master class teams and first among the marksmen teams at the fourth annual police combat pistol match it hosted during the weekend at the John Marshall Gun Club, a final tabulation of the team scores revealed Tuesday.

The first GCPD team had expected a final score high in the expert bracket, but shot "too well," according to "Officer Friendly" Glenn Wright, and moved into the master bracket, which was won by the St. Louis Police Department with 3,864 points. The McDonnell Douglas Security Department was second among the master teams with 3,830 points and the top GCPD team scored 3,580.

The department's second team had 3,820 points to lead the marksmen class, followed by the Murphysboro Police Department with 3,806, and the Illinois Bureau of Investigation Springfield team with 4,678.

The expert bracket, which was won individually by Granite City Patrolman James Lengyel, showed the Belleville Police Department victorious at 5,215 points, the St. Louis County Police Department second at 5,450, and the Southern Illinois University at Carbondale police third at 5,449.

The top sharpshooter team was the Illinois Central Gulf Railroad security squad at 5,215 points, trailed by the Macopin County Sheriff's Department at 5,075.

The St. Louis Police Department team had the

highest number of bullseyes during the competition with 279, followed by McDonnell Douglas team with 262, and the GCPD first team with 165.

Meet Director Lt. Col. George Teller announced this was the last year the event will be held at the John Marshall Gun Club as Granite City Steel is planning to use the land for construction of a water treatment facility.

## W. J. Grenawalt, 67, dies

Walter J. Grenawalt, 67, of East St. Louis, formerly of Granite City, died at 5:15 p.m. Monday at Belleville Memorial Hospital.

He was a retired millwright from the Cerro-Copper and Brass Co., Sauget, Ill.

Survivors include his wife, Mrs. Amelia Grenawalt; two daughters, Mrs. Betty Anderson

## Infant Bobbi Martin dies

Bobbi Jo Martin, 2-month old daughter of Mr. and Mrs. Claude (Kathy) Martin, 45 Kaseberg Lane, was pronounced dead upon arrival at St. Elizabeth Hospital at 6:30 p.m., Monday.

According to the family the mother went to wake the baby for a feeding and found her without signs of life. She called an ambulance to take the child to the hospital. An inquiry will be held.

Other survivors include a 2-year-old sister, Kelly Martin, and paternal grandparents, Mr. and Mrs. Claude (Josephine)

Martin of Granite City.

Funeral arrangements are given in the obituary column.

## PTA to offer cleaning fluid

Mrs. Linda Givens, president of Namecki School PTA, said the unit will begin a fund raising drive on Tuesday with the sale of a concentrated cleaner.

The household cleaner may be diluted to make from six to 40 gallons of liquid which can be used as rug shampoo, a window, stove and auto cleaner, a laundry additive and for many other general uses to the homemaker, Mrs. Givens said.

Proceeds from the project will help finance student field trips, Boy and Girl Scout troops, a scholarship in music and art and to purchase special equipment needed at the school.

## Oldsmobile 1976. An Olds for everybody. And good mileage in every size.

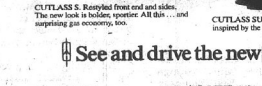

Take a look at the beautiful new 1976 Oldsmobiles in your dealer showroom. They're impressive. Then take a look at the 1976 EPA Mileage Guide and figures for Oldsmobile. They're impressive, too.

They show that that good gas mileage runs in our family. Remember the actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment.

From sporty Starfire supercoups to full-size, front-wheel drive Toronado's, there's good gas mileage in every size Olds. That's quite a feat considering the array of sizes and models that Olds is offering this year. With this kind of selection, there's bound to be an Olds to fit your lifestyle and pocketbook. And every Olds, whether small, mid-size or full-size is built to be right for the times.

This year Oldsmobile is offering an available five-speed overdrive transmission on Starfire, Omega and Cutlass models. You may be used to thinking of five-speed as strictly a performance feature, but the fifth gear gives you overdrive efficiency.

We invite you to make a total comparison. Good gas mileage, traditional Oldsmobile engineering, construction, dependability and solid comfort. You'll find each Olds packed with value because it's built with the care and attention to detail that's a tradition at Oldsmobile. Can we build one for you?

THE 90 REGENCY. Proof that the world of luxury doesn't have to ignore a concern for gas economy.

DELTA 88 ROYALE. All the solid dependability of a family-sized Olds. But the 88 gives you gas mileage for a car of its size.

STARFIRE. Who says you can't get good gas mileage in a sporty car? Check out Starfire. Starfire SX and the available Starfire GT option—Oldsmobile's supercoupe.

CUTLASS S. Rinsley front end and sides. The new look is bold, sporty. All dies. and superior gas economy, too.

CUTLASS SUPREME BROUGHAM. The first mid-size car to have an interior inspired by the famous 90 ReGENCY. The gas mileage is pretty inspiring, too.

## 'Yes' by Madison district voters Saturday can provide badly-needed new classrooms at a truly bargain price

Top priority for all eligible voters in the Madison Community Unit School District on Saturday will be to participate in the bond issue election on construction of a "middle school" serving sixth, seventh and eighth graders.

The Press-Record strongly urges a "yes" vote as an essential and economical step toward assuring quality educational facilities.

The single ballot proposal is as follows: "Shall the Board of Education of Community Unit School District Number 12, Madison County, Illinois, purchase land for a school site in the Stephen Maeras Industrial Park and build and equip a new middle school building for grades 6, 7 and 8 thereon, and to pay part of the cost thereof issue bonds of said school district to the amount of \$800,000?"

Madison schools have been awarded a construction grant of \$1,769,925 under provisions of the Elementary and Secondary School Assistance Program of 1973, enacted by the Illinois General Assembly.

The substantial funding extended to Madison does not require repayment or interest costs. It represents about 70 per cent of the \$2,569,925 estimated cost of the proposed new school. The remaining 30 per cent of the cost must be provided by residents of the school district in order to qualify for the Illinois Capital Development Grant.

Fortunately, the school system's present bond debt for the Harris and Blair grade schools is nearing retirement. Final principal payments are to be made over the next three years, and it is planned to delay the principal on any new bonds until after that period. As a result, taxpayers can look forward to a level pattern of school construction costs rather than an increase.

At present, all seventh and eighth grade Madison students attend the district's junior high school, built as a high school in 1914, with a gymnasium addition constructed in 1927. It has deteriorated badly

and its size is inadequate — 370 in space for 240 students.

Under its "double shift" schedule, half of the junior high pupils are in school at the time and the other half are at home. This is intractable not only to the Illinois Office of Education and to accrediting authorities, but also to all here who are dedicated to a sound instructional program.

Some subjects are being taught on alternate days instead of daily. There is no time available for an enrichment program. Time also is lacking for students who need extra help from teachers, and there is only minimum (or below) class time, hampering individual achievement.

The new school also can make it possible to relieve overcrowding in elementary classes. Plans call for fourth and fifth graders to attend Low Harris grade school, with Blair and Harris continuing to serve kindergarten pupils and first, second and third graders.

The merit of the proposal that is being submitted to voters is borne out by not only the school district's studies but also direct inspection and evaluations by the Capital Development Board, State Office of Education and Madison County Educational Service Region superintendent. The financial grant resulted from these studies. A 70 per cent grant is the highest amount that can be received under this program, and the Madison school system has the highest priority category among all Illinois schools.

Over 400 districts in the state applied for funds from the 1975 appropriation, and the \$1,769,925 award will go elsewhere if not utilized here. The state share is derived from sale of bonds paid for by Illinoisans, including Madison residents.

Saturday's opportunity for progress and improvement must not be missed. A "yes" vote is vital to all citizens, taxpayers, parents and children of the Madison school district (Madison and North Venice) area.

## Madison center needs Specialized Services' expertise

Many parents of those who participate as workers and students at the local center for the handicapped say that the present problem is not the caliber of administration by Specialized Services but the ambition of the landlord.

OATH (Organization for the Handicapped) played a helpful role in providing facilities at 612 State St., Madison, and leased them to Specialized Services, which has an experienced, knowledgeable and successful staff in this complex field of service.

The arrangement initially met the approval of the Madison County (Law 708) Mental Health Board, which represents the county government in deciding distribution of funds to help the emotionally and developmentally disabled and handicapped. As a safeguard for taxpayers, 708 wisely has turned the matter to the expert operating agency while recognizing OATH in its landlord role.

## 'As Illinois goes, goes nation' in '76?

BY AL MANNING  
SPRINGFIELD — Not everyone in the Republican Party is enthusiastic about the appointment of former Gov. Richard Ogilvie as President Ford's Illinois campaign manager.

But even his detractors ask, who else is there? When Howard "Bo" Callaway, the President's national campaign manager, visited Springfield, he suggested Congressman Edward Derwinski of Chicago and Robert Michael of Peoria and Sen. Charles Percy as possible Illinois leaders.

The President wanted to place emphasis in congressmen, Callaway said, because

of Mr. Ford's long service in the House. Callaway also noted he had served as a representative and so had Mr. Ford's chief of staff, Donald Rumsfeld.

But Illinois Republican leaders said neither Derwinski nor Michael was known statewide, and Percy was unpopular with many rank-and-file Republican leaders.

So they turned to Ogilvie. When he was governor, Ogilvie was the unofficial leader of the state GOP. And since his defeat, no one has stepped forward to pick up the shattered pieces of the party.

Rumsfeld, the former Illinois congressman who serves as one of Mr. Ford's top ad-

visors, is believed to have played the key role in selecting Ogilvie.

Prior to the public announcement of his selection, Rumsfeld and Ogilvie met with Don Adams, state party chairman; William Cellini, his former secretary of transport; and Mike Hudson, his former patronage chief; Harold Byron Smith, a member of the State Central Committee; and Mike Hudson, Smith's assistant, to discuss strategy.

Mr. Ford's campaign advisers realize Illinois is a key state. Not since 1916, when Democrat Woodrow Wilson won election to the presidency, has the state of Illinois failed to carry for the winner.

Mrs. O'Neill went on to become one of the most effective and colorful members of the legislature, serving nine terms in the House and four in the Senate before retiring in 1963.

## Electric power needs merit more support

Federal Energy Administration statement on utilities and energy at the White House Conference on Domestic and Economic Affairs held in this region:

For many years, the United States has enjoyed an abundant supply of energy in all forms: gasoline, heating oil, electricity and natural gas. All these fuels have been plentiful and have flowed cheaply from supplies that seemed limitless to most of the American public.

This country, with six per cent of the world's population, has been consuming about one-third of the world's energy. More importantly, the U.S. has become accustomed to paying 12 per cent of the world's total energy bill for that one-third share we use.

Since early 1974, energy has become increasingly costly. We have been paying higher prices for energy, and the increase in costs has been passed on to consumers abruptly and hard.

The American public has seen the increasing cost of energy not only in the prices of gasoline, but also in the rising utility bills for electric power and natural gas.

Utilities have petitioned state regulatory commissions throughout the country for rate increases, citing rising fuel costs, higher interest rates, rising construction costs and increased operating costs.

To consumers, many of the reasons for higher utility bills remain unclear. They want to know why they are paying so much today and what they are going to pay tomorrow.

Low- and fixed-income families have been under increasing pressure to pay higher utility bills. They want to know why they are paying so much today and what they are going to pay tomorrow.

In many states, utilities are allowed to pass through to customers increases in the cost of fuel used to generate electricity and natural gas for redistribution to customers.

Consumers who see rapidly increasing utility bills tend to blame the utilities for the added charge. In theory, utilities may have to pass through to customers increased costs of the fuel they purchase, over and above the cost of the fuel itself.

They are not supposed to be able to add fuel costs. However, some utilities have engaged in excesses which have been investigated through FICA's "Project E" program.

The cost of future utility bills will depend on many factors: the rate of inflation, the nation's economic health in general, the type of fuels used to generate electricity, and improvements in energy conservation and utilization.

The problems are complex, and encompass both energy supply and conservation and domestic and international sources of fuel.

One thing is clear. The availability of reliable energy will be needed to maintain the nation's economic vitality.

Our capacity for new jobs, our standard of living, and even travel and recreation options will be determined by the availability of energy.

Dwindling supplies of domestic oil and natural gas will require readily and abundantly available substitutes.

Electric power generated from coal, peat, wind or hydroelectric installations is the most usable available substitute for oil and natural gas.

In the long range, solar energy will satisfy an increasing larger share of our energy needs but adequate conventional electric power will still be required.

To meet these needs, the electric utility industry must both expand and modernize its generating facilities.

The short-term costs of building new plants using more advanced technology, and of increasing the efficiency of existing plants, will be paid off in greater efficiency of operation.

Investments in increasing reliability and upgrade facility efficiency will enable future power to be provided at the lowest possible cost.

To insure that these costs are truly reflected in the rates paid by the consumer, utilities will have to invest in the technology and equipment necessary to institute rate restructuring.

Implementation of peakload pricing as a basis for rate restructuring will require new metering and load management systems which will require new investments.

Unless utility earnings are competitive with other uses of money, none of these improvements will be achieved. In the past, when fuel prices were relatively stable, and demand for energy was growing at a predictable rate, lengthy rate-of-return studies and applications to state utility commissions did not critically damage utility earnings; they merely favored them.

In fact, until five years ago, requests for rate increases were exceptional occurrences.

For the past two years, however, rapidly increasing prices of oil and coal, burned by electric utilities to generate electricity, and peak demand for gas distributed to consumers by gas utilities as well as capital equipment to exploit these fuels have forced utilities to increase their expenditures before they can hope to gain state approval for higher rates to recover their costs.

This situation could severely damage the utilities' ability to serve the public in the future, particularly if fuel costs continue to rise rapidly.

It has been suggested that utilities are building plants only to increase their rate base. However, utilities are required by law to anticipate the public's demand for energy.

Therefore, unlike other large business, they cannot simply reduce expenditures to meet their customers' needs.

They must seek capital and invest in expanded energy generating facilities to meet future demand; but utilities have the responsibility and the means to better manage this demand by encouraging load shedding which can be accommodated on more efficient equipment.

Utilities have responded to the change in energy use by their customers by revising the growth forecasts. As a result, the recent cancellations and postponements of plant construction, 35 per cent were attributed to lower demand forecasts.

However, because of financial problems, nearly 60 per cent of the postponements and cancellations have been nuclear generating units whose peak load costs are lower than coal- and oil-burning plants, but whose installation costs are much higher.

According to Fortune magazine, the 100,000 megawatts of nuclear generating capacity planned or cancelled would have had the potential to reduce oil demand by 3.3 million barrels per day.

That figure is about half of current oil imports and more than the generating capacity of all oil this country imports from the Middle East.

Predicting future demand is far more difficult today than it was only two years ago.

In the past, when electric power consumption had been a steady 7 per cent to 7½ per cent annually for years, but in 1974, according to the Edison Electric Institute, there was no growth in electric power use.

However, peak demand did grow by about 1 per cent.

It is this growth in peak demand which determines how much additional plant ex-

posed standardization of energy facility siting procedures, with the aim of minimizing the lengthy processes required before new energy units, such as electric power plants, can be built.

These proposals would enable utilities to compete on an equal tax basis with other industries in attracting new capital and would specifically encourage new investment in nuclear and coal generating units.

But reform alone will not be sufficient. To attract capital, they must have earnings—revenues from customers—sufficient to insure investors a reasonable return on their commitment while guaranteeing a fair allocation of costs among service classes on the basis of long-run incremental cost pricing.

While these actions which have been undertaken are important, they constitute only a first step at dealing with the fundamental problems of an industry engulfed in massive change.

We believe that changes wrought by the securities in capital and natural resources, and environmental factors require a dramatically altered stance on demand management. Consumers are essential partners in bringing about the altered perspective toward electrical demand.

We can achieve a balanced growth in electrical usage and peak demand through rates based on marginal cost, through the introduction of technologies to shape demands in a way to increase load factors (technologies made attractive by such rates) and customer incentive systems to provide practical means to utilize off-peak power.

We need consumer acceptance for these innovations. In place, these innovations will literally benefit everybody through the economy.

The 12 per cent tax credit would be maintained two extra years for investment in coal and nuclear generating capacity.

The President also proposed a reform of state utility commission practices to expedite rate proceedings, equalize adjustment pass-throughs, and require inclusion of cost-of-capital in progress in utility rate bases.

This program also would allow investment in rate-based costs for pollution-control equipment.

For more efficient use of generating capacity, it would encourage higher prices for peakload times of day and lower prices for off-peak hours.

In addition, the President

I dare say that we Americans would resent such a massive perversion of our language from someone who could not speak our language and whose contact with America was limited to a few days spent in New York and Los Angeles. And we would rightly feel the judgment unfair and antagonistic.

I am not saying that the Soviet brand of politics is desirable or defensible. I am deeply concerned with the challenge of the totalitarian regime, and it is because I find the comments counterproductive in meeting this challenge that I write this criticism.

Our response to the Soviet Union should be based on a will to resist. Russia is a Russian people as people, to oppose governmental inhumanity with human warmth.

The speaker obscured these people, seeing them as evil and ugly. His response rejects the people, and denies them friendship, hope and encouragement in their struggle.

This is not the way to forge human contact and solidarity against the inhuman, and is thus objectionable in the extreme.

Says taxes on dogs discriminate against humanitarians in county

breeding kennel license. Their purpose is more than simply to contribute to the county's responsibility. Indeed, they purchase them for direct privileges awarded the purchasers.

At the present time, dogs or dog owners are receiving no direct benefits from dog fees. It costs them to purchase drivers' licenses to contribute to a program without direct services?

Electoral officials may find it harder and harder to collect fees unless they can serve the public. I suggest a public sterilization service to avoid discrimination against humanitarians.

## Woman on the ballot in Illinois barred next election?

By KEN WATSON  
SPRINGFIELD — The possibility is increasing that 1976 will see a woman on the ballot for a major statewide office in Illinois. There is some chance that one could be elected.

As Illinois joins the nation in observing the 55th anniversary of ratification of the 19th Amendment to the U.S. Constitution, which gave women the right to vote, it is appropriate to take a look at how women are faring in this state's governmental and political life.

The answer would have to be pretty good.

Their representation in the General Assembly has been increasing steadily and now stands at an all-time high of 13, three in the Senate and 10 in the House.

Under such circumstances, it is not surprising that Mrs. Netch has the nomination. Mrs. Netch for her part would like to see the legislature as a whole.

A woman might well strengthen the Democratic state ticket in what is shaping up as a tough campaign.

There is no doubt that the Democratic state ticket in what is shaping up as a tough campaign.

## R. E. Robertson honored in citation by Senate

R. E. Robertson, now alderman of the Fourth Ward and a former Granite City mayor, was honored for his many years of public service during a ceremony at the regular meeting of the City Council Monday night.

The alderman, who began his career in public service in 1916 when he first was elected alderman, was presented with a framed copy of an Illinois senate resolution recognizing the many years he has served the city and the work he has done as alderman and mayor.

The presentation was made by State Senator "Sam" Vadalabene of Edwardsville, who told Alderman Robertson in presenting the citation, that the resolution was approved during the 79th General Assembly session as a token of appreciation for the work and service performed by Robertson.

The resolution said: "Whereas, the Honorable Robert E. Robertson began his distinguished career of public service in 1916 with his election to the office of alderman on the City Council of Granite City; and

Whereas, he served a full term from 1916 to 1920 as alderman, and was re-elected a second term from which he resigned to run for mayor, the office to which he was elected in 1921 and in which he served the City for three terms; and,

"Whereas, during his term as mayor of Granite City, Robert Robertson completed the installation of the sanitary sewer system of Granite City, a project on which he ordered the use of union labor and for which he paid union wages, a practice unheard of during the depression; and,

"Whereas, the street improvement projects initiated by Mayor Robertson gave the city an outstanding network of hard-surfaced streets, many of which are still in use after nearly 40 years; and,

"Whereas, Mayor Robertson conducted a business in the city of Granite City from the middle 1930's until 1965, when he was

elected alderman after 30 years as a private citizen, he has been re-elected twice and is currently serving his third term on the City Council; and,

"Whereas, long periods of outstanding public service are worthy of notice, praise and example; therefore be it resolved, by the Senate of the 79th General Assembly of the State of Illinois, that we commend the Honorable Robert E. Robertson of Granite City to his many years of service to his city and to the State of Illinois as a career of service which has spanned more than 60 years; and,

"Be it further resolved, that we congratulate (former) Mayor Robertson upon the many major contributions which he has made to his city as alderman and mayor, and again after many years as alderman; and be it further

"Resolved, that a suitable copy of this preamble and resolution be presented to the Honorable Robert E. Robertson as a token of the respect and admiration of the Senate of Illinois, and as a token of our best wishes for many years of health, happiness and prosperity."

## American issues discussion topics

Points for discussion programs on American issues are provided in six new tapes produced at the University of Illinois at Urbana-Champaign.

The tapes touch on concerns sometimes included in biennial activities, but are not linked directly to the biennial nor applicable only to Illinois—they can be used anywhere and in a variety of programs, according to Linda Bock, coordinator.

They are an attempt by the U. of I. at Urbana-Champaign, through the School of the Humanities and Continuing Education and Public Service to encourage public discussion programs in Illinois and elsewhere.

Each of the six tapes presents a panel discussion with Prof. Joseph Wenzel, speech communications specialist and member of the School of the Humanities faculty, as moderator.

Articulate U. of I. faculty members are panelists, expressing strong and often open viewpoints on the issues. A Discussion Guide is provided with each tape.

The tapes are 28 minutes long, in color, on three-quarter-inch video cassette tape. They are available for rental through the U. of I. Visual Aids Service, University of Illinois, Champaign, 61820, or for sale through the Television Division, Office of Instructional Resources, University of Illinois, Urbana 61801.

U. of I. faculty members appearing on the tapes are, with Wenzel:

"The American Work Ethic"—Paul Rosenstein, labor and industrial relations; Prof. William Form, sociology; and Prof. Fred Johnson, history.

"Local Government, A Case Study: Who should Control our Schools?"—Prof. Alan Puckett, education; Prof. Gordon Hoke, education; and Prof. Robert Schoepfle, economics.

"America's Economic Future"—Prof. James Keith, and Prof. Frederick Gottlieb, both economics.

William Plater, history.

## Ross commands Reserve Officer Training Corps

Lt. Col. Samuel R. Ross has assumed command of the Air Force Reserve Officer Training Corps at Southern Illinois University at Edwardsville.

Col. Ross succeeds Lt. Col. Charles M. Johnson, who was reassigned to Grissom Air Force Base, Ind., in August.

Prior to his assignment to SIUE, Col. Ross was executive officer, Plans and Operations, Pacific Air Forces, Headquarters, Hickam AFB, Hawaii.

Ross received his bachelor's degree and commission as the University of Pennsylvania and his master's degree from Pepperdine University. He has been on the faculty of the Air Force's Squadron Officers School and Air University.

Col. Ross, who is residing in Collinsville, has been awarded the Bronze Star and two Purple Hearts for his service in Vietnam.

## Sale to aid cancer victim

A group of friends and neighbors of 4-year-old Donald Ogile, a son of Mr. and Mrs. Donald Ogile of Collinsville, are selling apples in a county-wide effort to collect funds to aid the youngster who apparently is a victim of cancer.

Miss Linda Wells, chairman of the group, said a trust fund has been set up at the First National Bank of Collinsville for Donald who will require extensive treatment for the next 18 months.

She said a committee will be calling Quad-City residents next week seeking orders for peck bags of Jonathan or red and gold Delicious apples, at a cost of \$2.25 a bag. Delivery will be made by committee members, Miss Wells explained. Orders also will be accepted by calling Miss Wells from 10

School of the Humanities, and Bock, program development specialist. Continuing Education and Public Service, are coordinators of the projects.

He has been on the faculty of the Air Force's Squadron Officers School and Air University. Col. Ross, who is residing in Collinsville, has been awarded the Bronze Star and two Purple Hearts for his service in Vietnam.

## 1976 Oldsmobile on display in GC

Oldsmobile's 1976 model autos are being placed on display today at Woodrome Oldsmobile, 1905 Madison Ave., it was announced by Bill Woodrome Jr.

Oldsmobile for the new year is offering 34 models in six distinct car lines—including the Starfire, Omega, Cutlass, 88, 98 and Toronado.

New for 1976 are the Omega Brougham and Cutlass Supreme Brougham series. The Omega Salon, base Cutlass series and Delta 88 Royale convertible have been discontinued.

Oldsmobile, which made fuel economy improvements in 1975, makes further gains in 1976 due primarily to an improved 200-cubic-inch V-8 engine, a recalibrated Toronado engine, a lighter 7½-inch rear axle that is standard on Omegas, a five-speed overdrive transmission optional on some models and a 2.41:1 axle ratio that is available on 98 models, Woodrome said.

The 1976 Starfire and Starfire SX are offered in one body style, a four-passenger sport coupe, built on a 97-inch wheelbase with an overall length of 179.3 inches.

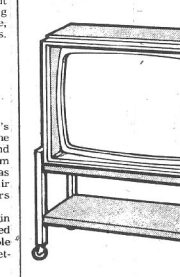

## Glik's Northtown Center expanding

The second phase of Northtown Shopping Center at Highland will be completed shortly. The center is a project of Glik Development Co., a subsidiary of Glik Department Stores, Granite City.

Opening Sept. 24 was a Gibson Discount Center with 20,000 square feet, operated by Panida Inc. of Omaha, Neb., which has nearly 200 stores in the Midwest. Opening later in the fall will be a Feedback Family Restaurant and a Ken's Pizza Parlor.

The Ralph Korte Construction Co. of Highland is the contractor.

**BOUNTIFUL TABLE** of a variety of food prepared by members of St. John United Church of Christ for its annual Rally Day event held at the church. Luncheon was served in the Fellowship Hall throughout the day, followed by early evening worship services.

### Rally Day at St. John United

A full day of celebration for the congregation of St. John United Church of Christ, 2901 Nameoki Road, was observed at the annual "Rally Day" event at the church grounds.

Traditionally "Rally Day" has been a church school event to encourage attendance and participation of the young people of the church. During recent years, however, the church has expanded the project to include all members of the congregation to provide a day of social activities and fellowship for all ages.

This year's theme for Rally Day was "Rallying All Nations to Christ." The day began with a special worship service featuring a procession of church school children carrying flags representing the national heritage of their families, and special music by the church school and the Chancel Choir under the direction of Mrs. Irene Barwick.

Accompanying the choir were Bob Springer on the trumpet, and Stanley Fornasewski on the drums.

The Rev. Dr. Paul R. Surbey, minister of the church, led the congregation in the pledge of allegiance to the American flag and the Christian flag, and the Rev. Carl Eschenbrenner, associate minister, preached the sermon entitled "The Armor of God."

The afternoon activities began at 2 p.m. with a mass balloon release from the parking lot of the church. Several outdoor games including volleyball and horseshoes, and a water balloon throwing contest were enjoyed by young and old alike.

For those preferring less strenuous pursuits a game was played in Fellowship Hall.

During the afternoon two soccer exhibitions were held by teams sponsored by the church, one of the games pitting mothers against daughters. Grab bags, prizes, and refreshments were available for the enjoyment of all present.

At 5:30 p.m. the congregation gathered in the church Fellowship Hall for a pot-luck dinner. Immediately following the meal the congregation

joined in a sing-along of their favorite hymns, followed by the meditation by Dr. Surbey. After the worship service, Elmer Stille, chairman of the Rally Day committee, presented films of the 110th anniversary of the church celebrated in 1972.

### Church concert planned Oct. 5

The Renaissance, a group of ten college-age musicians who combine the familiar with the contemporary, will appear in concert at Tri-City Park Tabernacle, 2501 Clark Ave., in two performances at 9:45 a.m. and 7 p.m. on Oct. 5.

Directed by John Merrell of Dallas, Tex., the group, is made up of young people from California, Florida, Michigan, Kansas, Oklahoma and Missouri.

The Rev. J. Albert Calaway, host pastor, said the two performances are open to the public, admission free.

Dave Vibbert sings, records, and produces Gospel music on his own label, Daystar. He has shared the concert stage with The Blackwood Brothers, The Happy Goodman Family, The Stamps Quartet, The Singing Spear Family, The Singing Rambos... and many others.

Everyone who enjoys "Good Gospel Singing" is invited to attend.

Pastor M. W. Wilson says, "Thanks, and thanks, again" to all who helped set the 305 yearly average in Sunday School.

**SAMBO'S RESTAURANT** to be built in the Crossroads Plaza Shopping Center, Nameoki and Pontoon Roads. Construction is to begin

this fall. The restaurant will have a seating capacity of 120, including banquet accommodations for 60 people.

### DAR chapter opens fall season

Thirteen members and two guests attended the first meeting of the fall season of the Drusilla Andrews Chapter of the Daughters of the American Revolution, at Charlie's Restaurant. The regent, Mrs. Ruth McCarty, presided.

Mrs. Charles Lee, Illinois State DAR chapter from Decatur, formally inducted Mrs. Madge Hansen into the local chapter.

Information about the change in the national regulations for recognizing "good citizens" at the high school level was presented. In the past, only senior girls have been eligible; but starting this year both boys and girls are eligible.

Local schools will be contacted within the next month asking for their assistance in an early selection of the good citizens so that the recipients may take the national American History examination and thereby compete on the state level for a scholarship.

**VACATION IN SOUTH**  
Mr. and Mrs. Carl Cuccatti of Bluebird Lane have returned from a vacation trip to Mississippi and Florida.

Mr. and Mrs. Hattie Briggs has returned to her home in North Carolina after visiting friends and relatives here.

Mr. and Mrs. Virgil Collins of Central Lane entertained his brothers and sister-in-law, Mr. and Mrs. Joe Collins and their son and daughter-in-law, Mr. and Mrs. Garnet Collins—of Irvine, Calif., and Mr. and Mrs. Therman Collins of West Plains, Mo.

The Ambassador Class of Mt. Zion General Baptist Church met in the home of Mr. and Mrs. Jewel Morris.

Roll call was answered with personal testimonies, and Morris gave the devotion. There was special prayer for the sick.

Refreshments were served to the 16 present. The Oct. 17 meeting will be held in the home of Larry Haas on Gaslight Walk.

Initiation ceremonies for four new members, Miss Patty Brokaw, Miss Kathleen Lane, Mrs. Pat Gant and Mrs. Cora Ogden, were conducted during the evening session.

Escorted and introduced were four grand officers, one past grand officer and 16 grand chapter committee members.

Past matrons and past patrons will serve as officers at the next meeting.

### Good News Class elects

The Good News Sunday School Class of Suburban Baptist Church was entertained last week in the home of Mrs. Hildred Lewis, 3302 Colgate Place, and elected officers for the forthcoming year.

Mrs. Pauline Dalhaus was named class teacher. Others elected were: Mrs. Georgia Harlow, president; Mrs. Ruth Goodman, vice-president; Mrs. Lucille Veach, secretary; Mrs. Wanda Lyerla, treasurer; and Mrs. Edna Jackson, sunshine chairman.

Mrs. Dalhaus opened the meeting with prayer. The devotionals, taken from Daniel 1:15, were given by Mrs. Imogene Smith.

A reading entitled "It's Been A Hard Day" from the book, "Who Am I God?," was presented by Mrs. Lewis.

Several projects were discussed and Mrs. Harlow announced that secret pal names will be revealed at the October meeting, to be held in her home, 2109 Johnson Road.

Refreshments were served by the hostesses to those named and to Mary Lou Summers and Wanda Bradford.

### Sambo's restaurant will be built here

Donald Golden of G-F Investment Co. announced this week the lease of property in the Crossroads Plaza at Nameoki and Pontoon Roads to Sambo's Restaurants, Inc., of Santa Barbara, Calif.

There are currently more than 340 Sambo's Restaurants in 38 states featuring sit-down, moderately priced family dining with more than 100 menu items and fast service, 24 hours a day.

Golden indicated that construction plans are in the hands of contractors for the purpose of formulating bids for the project, and he estimates that construction should begin within the next 60 days on the modern structure designed by the Santa Barbara-based firm of Schmandt and Lenick, architects.

When completed, the Sambo's Restaurant will feature the latest food service and handling equipment and will have a total seating capacity of 120, including banquet accommodations for 60 people.

Beginning with one family owned restaurant, Sambo's now does business from coast to coast and last year had total restaurant sales of more than \$100 million.
